## **Section I- Academic Policies and Procedures**

### **Introduction**

#### **Letter from the Vice President for Academic Affairs**

Dear William James College Community,

The Undergraduate Student Handbook is designed to be an invaluable guide to assist you in navigating your course of study at William James College. Please use this document as an on-going reference, as a guidebook and as a rule book. The first section contains our Student Academic Policies and the second section contains policies on student life including privacy, diversity and discrimination, social medial, career counseling, consumer information, financial aid, health and safety, and voter registration.

We are delighted to welcome you to the Bachelor of Science in Psychology and Human Services program. The program has a dynamic leader, and faculty. Kerri Augusto, PhD is the Director of Undergraduate Studies and Nilda Laboy, PsyD is the Department Chair.

On behalf of the faculty, staff and administration, I wish you well in your academic, career, personal and professional development at William James College.

Sincerely,

Stacey Lambert, Psy.D.

Vice President for Academic Affairs

## **History**

In 1972, a group of psychologists from the Massachusetts Psychological Association and its affiliate, the Massachusetts Psychological Center, headed by Drs. Stanley Rosenzweig, Herbert Hoffman, and Michael Rossi, initiated plans that would lead to the establishment of the Massachusetts School of Professional Psychology. The next year (1973), the American Psychological Association endorsed the concept of a new terminal degree: the Doctor of Psychology (Psy.D.) that would be more responsive to society's need for psychologists to function in a variety of professional roles.

William James College's first class of Psy.D. students were admitted in 1976, with the first graduation being held in 1980. Since then, programs have been expanded to the master's, graduate certificate, and advanced graduate certificate levels in a variety of psychology practitioner fields. The institution is proud of the community of over 1000 alumni. William James College was very pleased to admit our first class of B.S. students in the fall of 2017.

## **Mission**

The Board of Trustees has established a Statement of Mission for William James College and has determined that this established mission is to guide and inform all of the institution's programs, services, and activities. Consequently, faculty members are expected to be familiar with the institution's mission and should find opportunities to incorporate it into their teaching.

William James College strives to be a preeminent institution of psychology that integrates rigorous academic instruction with extensive field education and close attention to professional development. We assume an ongoing social responsibility to create programs to educate specialists of many disciplines to meet the evolving mental health needs of society.

## **Core values**

The following three commonly held core values establish the foundation for all academic programming at WJC:

- **Experiential Education;** integrating rigorous academic instruction with substantial clinical experience;
- **Social Responsibility;** educating providers to meet a diverse society’s evolving mental health needs including cultural competence and language training. Developing programs and partnerships to ensure access to mental health care for all persons; and
- **Personal Growth;** fostering a supportive, challenging and available learning environment that pays careful attention to personal and professional development.

## **Waivers of institutional policy**

Institutional policies are designed to apply to the entire student body. Successful waivers of institutional policy are infrequent occurrences. Student requests for variances with, exceptions to, or waiver of existing college-level academic policies are considered by the Director. All considerations for academic policy waivers should be initially submitted to the Director.

## **Accreditation, approval, and licensure of institution, and programs**

### ***Institutional recognition and accreditation***

William James College is a recognized non-profit institution of higher learning offering undergraduate degrees, and graduate certificates and degrees. ## **Student Academic Policies**

### **General**

The Student Academic Policies pertain to all students at William James College. Please use this manual as a regular reference and guide to successful matriculation at William James College. Feel free to seek clarification on academic policy from your advisor, department coordinator or your Director. Please also note that this is a living document. Periodically, policies are revised and updated. The online version of this document will have the current statement of our academic policy. These policies are binding once published.

#### ***Conduct and responsibilities***

All matters of conduct must comply with generally accepted principles of professional behavior as recommended by national professional associations (e.g., Ethical Principles of

Psychologists and Code of the American Psychological Association; National Association of School Psychologists' Principles for Professional Ethics; American Counseling Association Code of Ethics, American Mental Health Counselors Association Code of Ethics, the Ethical Code of Behavior Analysts Certification Board and the Ethical Standards for Human Services Professionals) and the requirements for professionals as stated by the Massachusetts Professional Licensing Boards. Furthermore, our college has determined that all matters related to student discipline must satisfy standards of procedural and substantive due process as determined by statute and operative case law.

Students are oriented to expectations, regulations and requirements of conduct as well as to the policies and procedures of their respective academic department upon matriculation. During Orientation, the Directors and the Dean of Students present these materials and discuss these expectations to all students. It is the intent of the College to generate an atmosphere of professional collaboration, objectivity, support, and fairness in the review of all matters of professional conduct and responsibility in the management of teaching and training in professional psychology. Faculty with questions regarding student behavior are urged to consult with their Director.

### ***Student responsibilities***

Students are responsible for meeting all the requirements and obligations of their programs of study as described in the Student Handbook, and policy manuals of the program in which they are enrolled. Students should familiarize themselves and adhere to all policies and procedures. Additionally, students should notify the Office of the Registrar when applicable to make changes to contact information. Please note that most correspondence will be sent to the College's assigned email, or address on file.

William James College is a college for adult learners. Students conduct many meetings over the course of an academic year with their teachers, with staff members and with administration. Our policy is that student meetings are between the student and the William James College professional(s) they are meeting with. Students cannot bring outside guests to a meeting. This would include a family member, close friend or any other party. The College official may invite another staff member(s) or faculty member(s) who can assist with the business at hand to participate in the meeting. The student may also request that they bring another relevant William James College party to the meeting. This may include an advisor or the Dean of Students. In cases that involve approved accommodations, the Coordinator of the Academic Resource Center or their designee can attend to assist. Audio- or video-recording of meetings, unless part of an accommodation plan, is not permitted.

Students are expected to attend meetings called by faculty and administration, and refusal to do so may result in disciplinary action.

### ***Faculty responsibilities***

Faculty members are responsible for instruction in the classroom, evaluation, and for research and research supervision, advising, program planning, governance committee participation and engagement in other program needs, and service to the College's internal and external community. Faculty will provide timely and clear feedback to students related to academic and professional performance. Such feedback may be consultative and through discourse but must also be provided in writing as dictated by evaluative procedures. Feedback is provided in course grades, in Corrective Action Notices, in letters submitted to a student by the Registrar's Office, faculty, Directors, the Academic Policy and Standards Committee of the faculty and/or by the Dean of Students or the Vice President of Academic Affairs. Faculty

members will strive to serve as role models and mentors to help the next generation of our students to become excellent professionals.

### *Academic integrity*

Our college is committed to developing professionals who demonstrate personal and academic integrity. In order to provide a strong learning academic environment, there must be honesty and trust among all our constituencies. We expect all students to conduct themselves with professionalism and honesty. Academic dishonesty violates the principles of any academic college. Incidents will be immediately reported to the Director for investigation, intervention, and possible sanctions. Sanctions may include course failure, probation, and/or dismissal, depending on the severity of the infraction. Assisting or attempting to assist in the violation of this policy is itself a violation and considered academic dishonesty.

Academic dishonesty includes, but is not limited to:

- Cheating – the attempt to use, the actual use, or the facilitation of another’s use of unauthorized materials, information, or study aids;
- Fabrication – the inventing or falsifying any information, including research data, or citations in a clinical or academic exercise, or false representations of a student’s personal or professional experiences or qualifications. Students must take special care in assignments that require collaboration. In group projects, each student makes an independent contribution. In situations in which students have an independent assignment, the work product must be entirely the student’s independent scholarship research and writing; and
- Plagiarism – the use of another’s work without acknowledgment. Plagiarism includes, but is not limited to, the use by direct quote or paraphrase of the work,

published or unpublished, of another without proper attribution. Our college expects students to produce their own work in coursework, papers, presentations, and/or any other academic work with the proper citations.

- Self-Plagiarism - Consistent with the APA Publication Manual (section 8.13 Duplicate Publication of Data), *self-plagiarism* is defined as the presentation of one's own previously submitted work as original. Like plagiarism, self-plagiarism is unethical. It is the expectation that all work submitted by a WJC student for a course will have been done **solely for that course** and not submitted for any other course at WJC or any other school. If the same or similar work by the student is to be submitted to any other course within the College, prior permission of the instructor must be obtained.

### ***Deadlines***

Students are expected to meet all deadlines as mandated by WJC and field placements. It is the students' responsibility to be cognizant of deadlines. If a deadline is changed, notice will be given to all who may be affected by the change.

### ***Class and field placement attendance***

Students are expected to attend every session of each course for which they are registered. They are expected to be responsible to their field placement commitments according to the schedules determined by the field placement contract. Excessive absences and/or persistent lateness jeopardize academic and professional success. It is the responsibility of the student to notify the instructor and/or field supervisor in advance (at least 48 hours) of any foreseeable absence(s), or immediately after if the absence was unexpected and they were unable to

communicate. The student must also notify the field education representative in their department if there are significant schedule conflicts (e.g., a field training activity during a class day).

Students are expected to attend all in-person/synchronous sessions in their entirety and to participate 100% in all online instruction and activities. In a typical 15-week semester, students should not have more than 2 absences, unless documentation is provided from a medical provider. In accelerated courses (7-week courses), students are not allowed more than one absence. Students must complete all the work for the course, even if they lose points or it is after the due date, so that they satisfy the course participation requirements. Absences may affect students' grades or result in course failure. When a student reaches the prescribed threshold, the instructor will file a Corrective Action Notice (CAN).

### ***Professional behavior***

Students are expected to demonstrate and sustain an overall attitude of receptivity to all sources of personal and professional learning during professional training. These attitudes and attributes will include, but will not be limited to, the following:

1. An overall knowledge, appreciation, and acceptance of the ethical standards and guidelines for the practice of psychology and human services.
2. A demonstration of, and willingness to, meet professional obligations in a timely and responsible manner. Students are expected to meet all deadlines as mandated by WJC and field placements. It is the students' responsibility to be cognizant of deadlines. When a deadline is changed, notice will be given to all who may be affected by the change.
3. A demonstration of the capacity to work collaboratively and respectfully with others throughout all ranges of professional training experience (peers, colleagues,

supervisors, patients/clients, other professionals, faculty, advisors, administrators, support staff, among others).

4. A demonstration of and willingness to assume responsibility for learning by utilizing appropriate available resources to fulfill clinical and academic responsibilities (e.g., consultation, supervision, literature, etc.).
5. A sustained awareness of one's effectiveness and functioning in clinical, human services and academic settings, as well as an awareness of one's personal/professional impact on others.
6. A receptivity to constructive commentary and/or criticism with a demonstration of a capacity to address such issues that may have been identified.
7. A demonstration of the capacity for perceptiveness and empathy and a growing sense of how to use these qualities effectively in the service of others or of professional role responsibilities (i.e., in clinical, human services and applied work as well as in general commerce within school, field, or other work settings).
8. Professional Attire: Students are expected to dress professionally both at the College and at their field sites. Business dress or business casual is expected at the site depending on the expectation of the facility. Business casual is the standard at the College. Professional modesty is required.
9. Cellphones, computers, and any other audible devices: In order to maintain an academic and professional environment conducive to learning, students must turn off or silence cellular phones and any audible devices during classes and in any areas where personal boundaries need to be respected and discretion of personal communication needs to be maintained. If an emergency or potential emergency

requires modification of this regulation, prior arrangements should be made with faculty or other appropriate personnel.

10. Use of computers during class is at the discretion of the professor. When computers are allowed in class, they should be used exclusively for note taking and tasks directly related to the course. Social networking, shopping, and emailing is disrespectful and prohibited. Use of assistive technology is allowed if there is prior approval from Academic Resource Center.

11. A demonstration of the capacity to evaluate one's self and others honestly, fairly, and sensitively (e.g., in supervision, in classroom exchanges and exercises, etc.).

12. A desire to provide human services and to acknowledge and address both individual and broad psychosocial issues within the scope of psychological knowledge, practice, and professional responsibility.

These guidelines constitute a basis for a domain of evaluation of all students matriculated at the college, but evaluation is not limited to these considerations.

### ***Social media and electronic communications***

Students who use social media and other forms of electronic communication should be mindful of how their communication may be perceived by clients, colleagues, faculty, and others. As such, students should make every effort to minimize material that may be deemed inappropriate for a student in training. To this end, students should set all security settings to "private" and should avoid posting information/photos or using any language that could jeopardize their professional image. Students should consider limiting the amount of personal information posted on these sites and should never include current or former clients as part of

their social network or include any information that might lead to the identification of a client, or compromise client confidentiality in any way.

Greetings on voicemail services used for professional purposes should also be thoughtfully constructed. Students are required to use WJC email for all college correspondence. Students are reminded that, if they identify themselves as a student in training at William James College, the College has interest in how they are portrayed. If students report doing or are depicted on a website or in an email as doing something unethical or illegal, then that information may be used by the College to determine probation or even retention. Also, please become aware of the social media policies at each of your training sites and follow them.

The American Psychological Association's Social/Media/Forum Policy may be consulted for guidance: <http://www.apa.org/about/social-media-policy.aspx>.

### ***Changing advisors***

The Director or designee assigns each student an academic advisor who will typically serve as the student's advisor throughout the student's academic experience. In special situations, either party may seek to initiate an advisor change without prejudice (but not without review) by contacting the Director in writing. Final approval for all requested advising requests/changes rests with the appropriate Director.

### ***Corrective Action Notice (CAN)***

Students are encouraged to be proactive when experiencing academic, personal, and/or professional difficulties by reaching out to their advisor and faculty members for support and consultation. The College seeks to respond as quickly as possible to students who are having difficulties. Bidirectional communication and feedback, when feasible, typically precede the filing of a Corrective Action Notice (CAN). When students experience difficulties that require

more support, the CAN is used as an internal notification system. The CAN is intended to be part of a continuum to inform and support students about academic and/or professional performance. The College provides this early notification so the student, instructor, and advisor can meet and work collaboratively to address concerns and foster student success. Accordingly, instructors of students who are having difficulties either in the classroom or in the field and/or who may receive an unsatisfactory grade should consult with the Department Chair or designee as soon as possible. As part of this process, an interim Assessment and Planning meeting may also take place.

***Academic credit***

The College subscribes to the Federal regulation definition of a credit hour. A credit hour is an amount of work represented in intended learning outcomes and is verified by evidence of student achievement. There are two ways in which a credit hour may be measured; (1) One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester. (2) At least an equivalent amount of work as required in the preceding portion of this definition for other academic activities as established by the College including laboratory work, internships, and other academic work leading to the award of credit hours. Compliance with this policy is determined by the Curriculum Committee whenever a course is proposed or formally reviewed.

***Grading***

<b>Grade</b>	<b>Numeric Equivalent</b>	<b>Quality Points</b>	<b>Explanation</b>

The College does not automatically grant incompletes. Incompletes are always at the option of the professor. Grades for courses in which an "I" is not removed by the end of the following semester will be converted to "F." An extension request with substantial extenuating circumstances can be made to the Department Chair. The Department Chair may also consult with the APSC. The student may also choose to appeal the determination to the APSC.</p> <p><b>*Note:</b> If three (3) or more grades of Incomplete (I) are received, the student will be referred to the Department Chair.</p>
AU		0.00	<b>Audit.</b> Does not yield credit.

WV			Course Waived.

The registrar has the responsibility to manage the official records of the school, meaningful credentialing, and accreditation, so timing and process around grading is structured. Students are expected to review their transcript at the end of each semester. Grade discrepancies must be brought to the attention of the department chair no later than the end of the semester following the semester in which the grade was received.

***Academic Honors***

The following academic honors will be conferred to students at graduation who have the following cumulative Grade Point Averages (GPAs):

Cum Laude (with honor) – GPA of 3.5 to 3.69

Magna Cum Laude (with great honor) – GPA of 3.7 to 3.99

Summa Cum Laude (with highest honor) – GPA of 4.0

The honors will be noted in the student’s transcript and diploma. At graduation, they will wear the following cords:

Cum Laude – silver

Magna Cum Laude – royal blue

Summa Cum Laude - gold

### **Appeals**

A student may appeal a decision or action related to grades, probation, leave of absence and/or dismissal only after the student has attempted a resolution of the concern with the appropriate parties.

Students wishing to appeal a decision related to their course of study, other than a decision related to issues concerning discrimination, harassment, retaliation or sexual violence,<sup>1</sup> must first seek an informal resolution with the faculty member or administrator issuing the decision or grade within seven (7) business days of the student's receipt or knowledge of the decision or grade forming the basis of the appeal. It is the student's responsibility to arrange to meet with the faculty member or administrator.

If an informal resolution is not reached, the student may initiate an appeal by submitting a WJC Student Appeal Form to their Department Chair or the Chair's designee within seven (7) business days of the attempted resolution.

A simple disagreement with a decision or grade is insufficient grounds for an appeal. In order to state proper grounds for appeal, a student must allege (1) that the decision maker failed to follow a College policy or procedure (as indicated only in current official College and/or program handbooks), and (2) that this failure meaningfully contributed to the undesired outcome. The responsibility for developing and presenting the case for changing the decision or grade rests with the student making the appeal. The Department Chair or their designee will review the student's appeal within seven (7) days of receipt of the WJC Student Appeal Form and issue a

<sup>1</sup> Students seeking to appeal a decision made pursuant to the College's Discrimination, Harassment and Retaliation Policy or Sexual Violence Policy should follow the appeal procedures specifically set forth within those Policies.

determination. If the Department Chair or designee believes it necessary, a meeting with the student may be held within this time period.

If the student is dissatisfied with the determination of the Department Chair, the student may appeal to the APSC by submitting (1) the original WJC Student Appeal Form as well as (2) an additional WJC Student Appeal Form (documenting the grounds for appeal of the Department Chair's decision) to the APSC within seven (7) business days of the student's receipt of the Department Chair's decision. If, upon review of the documentation submitted, the APSC Chair determines there is insufficient evidence to demonstrate that the initial decision maker failed to follow a particular College policy or procedure (as indicated only in current official College and/or program handbooks), the APSC may choose not to grant an appeal hearing, and the matter will be closed. A hearing may or may not be convened depending on the facts and circumstances of each appeal. The APSC is charged to determine whether substantial evidence of unfair treatment such as arbitrariness, prejudice, and/or material policy/procedural error might justify changing the decision or grade. In the event that an appeal proceeds, the APSC will have seven (7) business days to review the appeal and communicate its findings to the VPAA. A copy of the findings will also be provided to the student by the APSC. After receiving the APSC's findings, the VPAA will issue the final determination on the student's appeal within seven (7) business days of the VPAA's receipt of the APSC's findings. The VPAA will consider the APSC findings in order to render a final decision. There are no further avenues for appeal.

Students are expected to make themselves available as requested throughout the appeals process. The role of the student's advisor in the appeals process is to be a witness and source of clarification regarding questions about relevant policies and procedures. The development of a rationale for appeal, as well as collecting all relevant materials is the sole responsibility of the

student submitting the appeal. The advisor is not a party to the appeal and is not meant to otherwise assist a student with developing or supporting the foundation of their appeal. Students may bring their WJC academic advisor to meetings related to appeals. The advisor's primary role in the meeting is to be a witness, but they may be asked to participate further if the chair or members of the APSC believe that their participation is necessary.

At any point in the appeal process, a student who has documented a disability with the College may seek input or discuss with the Director of Student Accessibility Services (SAS) about the availability of a reasonable accommodation. A student with a documented disability will provide the accommodation letter furnished by SAS to the APSC as soon as they are notified of the appeals hearing. Audio- or video-recording of appeals meetings, unless part of an accommodation plan, is otherwise not permitted. Reasonable accommodations depend upon the nature and degree of severity of the student's documented disability and the setting for which the accommodations are requested. The College is not required to grant a requested accommodation that is unreasonable, ineffective, an undue burden or substantially alters a College program, service or practice. Reasonable accommodations will be provided as required by law.

Students appealing a dismissal or an involuntary medical leave are allowed to continue with classes and in their field placement (unless they have been dismissed from the field placement site) until a final determination of dismissal or involuntary medical leave is made by the VPAA.

### **Grievances**

In matters that are not concerned with the appeal of course grades, dismissal, leave of absence, probation, dismissal or any other subject for which a specific grievance policy/procedure is otherwise provided (e.g., discrimination, discriminatory harassment and

retaliation), students must first discuss the matters of concern with their advisor, their Department Chair, or with the Dean of Students to determine whether some informal resolution of a problem can be achieved.

In those instances when the matter cannot be informally resolved and the student wishes to pursue a complaint, the student must follow the following process. Within 14 business days of the occurrence of the objectionable behavior or establishment of objectionable condition, the student must submit a written complaint to the VPAA. Complaints must (a) clearly and succinctly state the objectionable behavior or condition, describe the remedy being sought and (b) provide any pertinent background information/documentation to support a justification of an investigation.

On the basis of the written presentation of the complaint and upon information gathered through any other initial fact-finding, the Vice President for Academic Affairs has seven business days to: (a) dismiss the complaint, or (b) engage parties to the complaint as well as any other appropriate personnel in an informal dispute resolution process, and/or convene a special review panel.

If the VPAA decides to convene a formal review panel, membership shall be comprised of the Dean of Students (or his/her designee) who will chair the panel; and three faculty members, one of whom shall be a member of the Academic Policies and Standards Committee. It will be the review panel's responsibility to consider the complaint, collect and consider evidence, hear testimony, and to provide a recommended remedy to the Vice President for Academic Affairs. The Vice President for Academic Affairs carefully weighs the review panel's findings and then makes a determination within seven business days.

## Satisfactory Academic Progress (SAP) Policy

William James College, in accordance with federal regulations, requires all students who receive federal financial aid to maintain satisfactory academic progress. William James College also uses this policy for institutional financial aid. Student academic progress is measured at the end of each enrolled semester, where financial aid is awarded, against the following standards:

1. All degree-seeking, undergraduate students must maintain a cumulative GPA of 2.0.
2. Students must successfully complete 67% of the credits attempted with a grade of C (2.0) or higher. The pace of progress is calculated by dividing the cumulative credits that have been successfully completed at William James College by the cumulative credits attempted.
3. Students must complete their educational program of study within 150% of the published length of the educational program, as measured by the credits attempted and including transfer credits.
4. The following are considered when evaluating a student's SAP:
  - **Drop vs. Withdrawal:** If a student drops courses before the end of the Add/Drop period, the courses will not be counted as attempted. Any courses withdrawn from after the Add/Drop period will be counted as attempted but not completed.
  - **Incomplete grades:** A grade of incomplete will count as attempted credit hours but not completed credit hours. Once the course work is completed and a grade determined, a grade change form must be submitted to the Office of the Registrar.
  - **Repeated courses:** A student may repeat a course once in which a low grade was earned and still be eligible to receive financial aid.
  - **Transfer credits:** All academic credits transferred and accepted at Becker College will be counted as both attempted and earned credits. These credits will also be counted in the maximum time frame calculation.

- **Pass/Fail credits:** The academic credit hours for any courses taken with a pass or fail grade will be counted toward the attempted and earned credits. These credits will also be counted in the maximum time frame calculation.

### ***Academic and Federal Probation***

Probation is a formal warning status that represents serious concern regarding a student's Satisfactory Academic Progress (SAP) and/or suitability for professional practice. While it is not noted on a student's official transcript, it does represent significant concerns regarding a student's academic functioning.

**\*Note:** Academic Probation whether automatic or department initiated can have serious Federal Financial Aid implications. (Refer to "Failure to Maintain Satisfactory Academic Progress" under the Student Loan Information section of this handbook.)

### ***Automatic Probation: Qualitative or Grade-based***

The Academic and Federal Qualitative Probation standards are the same. Automatic probationary status will be applied by the Registrar under any of the following conditions:

1. Student earns a grade of D+ or below, or a grade of WF or NC in any one (1) course (including field education courses).
2. Student earns a combination of two (2) or more grades of CP, NF or **D+** in a single semester or cumulatively.
3. Student earns a grade of "I" in three (3) or more courses including "I" grades that are resolved.
4. Student's semester GPA falls below 2.0.
5. Students who are readmitted after being dismissed will automatically be placed on probation for 1 semester or until their cumulative GPA reaches 2.0.

In the case of condition #3 above regarding grades of Incomplete (I), the Registrar will notify the Department Chair or designee, who will then notify the Registrar if a waiver of probation is warranted due to extenuating circumstances. If not, an automatic academic probation will ensue. If a waiver is granted, the three (3) individual Incompletes will count as one (1) incidence of “Incomplete” going forward for the purposes of future automatic probation.

In the case of automatic academic probation the Registrar’s Office will notify the student, with a copy to the Department Chair, and Financial Aid Office. The terms and time frame for the lifting of probation will be determined by the Department Chair.

The Department Chair will notify the student, Registrar and Financial Aid Office of the student’s probationary conditions. In addition, the Department Chair will notify the Registrar and the Financial Aid Office when the terms of probation have been met and probation is lifted. Any appeals of probation will be made to the Academic Policies and Standards Committee (APSC) of the faculty for its review and recommendations.

#### ***Department Initiated Probation***

Department initiated probation, may also be applied in the following instances of unprofessional behavior or unethical conduct, including, but not limited to:

- A. Not completing registration, mandated training or documentation by the established deadline(s);
- B. Not responding to communications by college officials, faculty, staff and/or field supervisors;
- C. Not following through with plans delineated in a Corrective Action Notice;
- D. Conduct unbecoming to a William James College student (including, but not limited to, academic dishonesty)

This problematic behavior is referred to the Department Chair. The Department Chair then conducts a review within 14 business days following notification, and decides whether there are grounds to place the student on probation, or possibly recommend for dismissal based on the severity of the conduct. The Department Chair has the authority to consult with faculty and administrative personnel, to review student work and other documentary evidence, to receive and consider student submitted evidence, and to otherwise engage in additional confidential inquiry sufficient to make an informed decision.

In these instances, the Department Chair will notify the student, the Registrar and Financial Aid Office of their determination within two business days. The terms and timeframe for the lifting of probation will be determined by the Department Chair. The Department Chair will notify the student, Registrar and Financial Aid Office of the student's probationary status, and conditions. In addition, the Department Chair will notify the Registrar and the Financial Aid Office when the terms of probation have been met and probation is lifted. Any appeals of probation will be made to the Academic Policies and Standards Committee (APSC) of the faculty for its review and recommendations.

In all cases, the Department Chair determines probationary conditions. Probation is applied for a specific time or until the conditions established for the removal of probation have been satisfied. Probation typically lasts one semester. If the probation is not resolved after one semester, the College may allow an extension of the probation. After one semester of probation, the student must consult the Financial Aid Office regarding their eligibility to borrow funds federal student loans and loan repayment responsibilities.

### ***Quantitative Standards - Time Based***

The Academic and Federal Qualitative Probation standards are the same.

The quantitative (time-based) component of William James College’s SAP Policy requires students to successfully complete a minimum number of the credits they attempted. Students must earn passing grades\* in at least 70% of their courses to maintain SAP. This pace is the rate necessary to complete each program within its specified maximum timeframe listed below.

The quantitative standard of pace is calculated by dividing the cumulative number of credit hours successfully completed by the cumulative number of credit hours attempted through the end of the semester.

***Maximum timeframe***

In accordance with William James College policy, degree programs must be completed within the timeframe specified below:

2-year model	BS in Psychology and Human Services	3 Years
3-year model	BS in Psychology and Human Services	4.5 Years

**\*Note:** Maximum Timeframe limits may be extended due to periods of leave of absence and/or extensions granted by the Department Chair through appeal. Students will be ineligible for financial aid during such periods of enrollment including the following: Federal Pell Grants, Direct Stafford Loans, Direct PLUS Loans, and Federal Supplemental Educational Opportunity Grants (FSEOGs).

***Financial Aid Warning***

Students not attaining the minimum requirements at the end of a semester who are receiving Federal Student Aid will be placed on Financial Aid Warning for the period of one semester to be given the opportunity to meet the SAP standards. During this warning period, a student will remain eligible for \*Federal Student Aid (FSA) funds. Students who fail to make SAP after the Financial Aid Warning period lose their eligibility for aid unless they successfully appeal and are then placed on Financial Aid Probation.

**\*Note:** For the purposes of the Satisfactory Academic Progress policy:

\* Students will be ineligible for Federal Student Aid during such periods of enrollment including the following: Federal Pell Grants, Direct Stafford Loans, Direct PLUS Loans, and Federal Supplemental Educational Opportunity Grants (FSEOGs).

\*\* Institutional assistance is defined as our Institutional Grant and Endowed Scholarship program.

***Reestablishing Eligibility, Appeals, & Financial Aid Implications***

If a student fails to meet SAP requirements at the end of the payment period while being on a Financial Aid Warning, the student can appeal this by submitting a statement explaining what circumstances have changed that will allow the student to meet SAP requirements during the following payment period. If the appeal is approved by the Academic Department Chair, the student is then placed on Financial Aid Probation, and can continue receiving Federal Aid for one payment period. If SAP is not met at the end of that next semester, and the student has not met the terms of the academic probation plan, the Financial Aid office reserves the right to deny Federal aid. The Registrar's Office along with the Department Chairs notify the Financial Aid Office of any status changes at the end of each payment period.

***Financial Aid Probation***

Students who fail to meet SAP requirements after the Financial Aid Warning period lose their aid eligibility unless they appeal this and the appeal is approved. Appeals must include information about why the student failed to meet SAP, as well as what has changed that will allow the student to meet SAP moving forward. If approved, the student is then on Financial Aid Probation and can continue receiving FSA funds for one payment period. At the end of this payment period, if the student still hasn't met SAP requirements, the student loses eligibility for Federal Aid.

**\*Note:** To be eligible for Federal Student Aid (FSA) funds, probation can have implications for Satisfactory Academic Progress (SAP).

***Dismissal***

Students who fail to fulfill the requirements of probation, or students whose academic progress is sufficiently unacceptable so as to question his/her capability to complete a program,

or students whose professional or social behavior is inconsistent with ethical or professional standards, are subject to dismissal.

**\*Note:** A prior probation status is not required to be dismissed from the college.

### ***Automatic Dismissal***

The Registrar will inform the Department Chair or designee and the student of a student's eligibility for dismissal due to failure to maintain satisfactory academic standards. The Department Chair or designee will make a final determination on the student's status as soon as possible and will notify the student, their academic advisor, the Registrar and Financial Aid Office via William James College email. The Registrar will formally notify the student via William James College email and US Mail to the mailing address on file. Failure to meet academic standards include earning two (2) F grades.

### ***Department Initiated Dismissal***

The College may also dismiss a student if the student has failed to resolve the terms of probation or is found to have engaged in unprofessional or unethical conduct. This category of dismissal is not automatic and there is not a notification from the Registrar. The student will be referred to the Department Chair by the concerned party. The Department Chair then conducts a review of the reported conduct and decides whether there are grounds to dismiss the student. During deliberations, the Department Chair has the authority to consult with faculty and administrative personnel, to review student work and other documentary evidence, to receive and consider student submitted evidence, and to otherwise engage in additional confidential inquiry sufficient to make an informed decision. The Department Chair will have 14 business days to conduct this review. Should the evidence warrant, the Department Chair will notify the student via email of the intent to dismiss and will give the student 2 business days to present any

additional information to be considered as part of the decision. If the intent to dismiss proceeds, the Department Chair consults with a second Department Chair and then makes a formal determination. The Department Chair informs the student of the dismissal decision both by email, and by USPS mail.

### ***Common Reasons for Department Initiated Dismissal***

Common reasons for Department initiated dismissals include:

1. Failure to resolve the terms of probation;
2. Academic dishonesty including plagiarism, cheating and fabrication;
3. Violation of their discipline's Code of Ethics;
4. Unprofessional behavior with faculty, fellow students, college administrators, patients, supervisors and clinic administrators;
5. Legal difficulties that make meeting academic and training responsibilities not possible;
6. Failing to complete paperwork for a leave of absence or formal withdrawal;
7. Personal difficulties that make meeting academic and training responsibilities not possible;
8. Failure to maintain contact and regular communication with one's faculty advisor, research advisor, department chair or college official.

### ***Transfer of credit***

Credits earned in undergraduate-level courses completed at another accredited institution<sup>2</sup>, may be eligible for transfer to William James College. Said transfer credit may be applied to degree requirements subject to the following provisions:

---

<sup>2</sup> "Accredited institution" refers to any college/university that holds accreditation from an association/unit that is recognized by the Council for Higher Education Accreditation (CHEA).

1. Course grades below a C will transfer if they are part of the Gen Ed Foundation and students have completed the block with a cumulative grade or quality point average of 2.0 or higher. The transfer of all other non-traditional credits outside the Gen Ed Foundation will be honored at the discretion of the receiving institution.
2. Students may additionally transfer a maximum of ten (10), three (3) credit additional content equivalent courses for a total of 30 credits beyond their 60 credits from an AS degree, thus only needing 30 credits at WJC to graduate. These credits will only be transferred if the student obtained a C or above and has a cumulative GPA of 2.5 or above.
3. Advanced Placement (AP), College-Level Examination Program (CLEP), MWCC Challenge Exams, and Prior Learning Assessment (PLA) credit completed and/or accepted by MWCC will be honored at WJC. Students seeking credit for these courses must provide WJC with official transcripts and official score sheets from The College Board for validation.

***Procedure for transfer of credit***

- An Official Transcript from all attended institutions is required and should be on file by the time the student attends Orientation.
- For students who have successfully completed an AA or an AS degree from a regionally accredited community college, William James College will accept all credits earned as a whole.
- For students who have not completed an AA or an AS degree, William James College will evaluate each course for credits earned from a regionally

accredited college on a course-by-course basis. Note: Courses in which a student did not earn at least a grade of “D” are non-transferable.

***Students with fewer than 60 credits***

Occasionally, the college receives an application from an applicant who has less than 60 undergraduate credits including successful completion of all general education requirements.

This student may meet with the program director to discuss options. Options may include:

1. Re-enrollment in a community college and completion of the A.A or A.S. degree.
2. Successful completion of general education requirements through an online ACE credit granting institution such as Study.com.
3. Submission of a request for a Prior Learning Assessment to ascertain whether previous professional and life experience qualifies for course credit assignment.
4. A combination of credits earned through Prior Learning Assessment and from an online ACE credit granting institution.

In all cases, this plan must be developed with and approved by the Director.

***Credits earned at other institutions following matriculation***

A student may apply undergraduate credits earned at another institution subsequent to matriculation only with the prior approval of the appropriate Director. Credits earned in this way are subject to the limitation on total transfer credit described above.

### ***Substitution of course requirements***

On rare occasions, in consideration of a student's prior academic experience, a Director may substitute one or more required courses, and then designate a suitable curriculum replacement(s) or allow for electives to allow the student to make up the credit requirements. However, in no case shall the substitutions constitute a reduction in the number of overall credits required for a degree program. The decision to grant substitutions is an exercise of the discretion of the Director and is not subject to appeal. The Director will notify the Registrar of any such course substitution arraignments.

## **Administrative academic policies**

### ***Disclosure of educational records***

The College will disclose information from a student's education records to a third party only with the written consent of the student; however, records may be disclosed without a consent when the disclosure is made in accordance with FERPA regulations. Please refer to the FERPA information available on the Registrar's office webpage for additional information. You may contact the Registrar for the appropriate form.

### ***Holds: academic and administrative***

Holds may be placed on student records for a variety of reasons such as delinquent accounts and violations of academic or administrative policy. When the College places a "hold" on a student's record, the student is not eligible to receive or participate in many college services. These may include, but are not limited to: printed academic information, registering for classes, being blocked from attending a course which the student has registered for but which has not yet started, qualifying for college aid, library access, receiving a diploma, etc. If a student owes the college money or has not returned college property that has financial value or has not

completed the required “Exit Counseling” (refer to Exit Counseling policy in Section II) the student will not be allowed to obtain an official academic transcript.

### ***Completion of admission record***

New students are required to submit a copy of their official academic transcript(s) indicating the successful completion of their prior degree(s) to the Registrar’s Office. This document should be submitted at the latest before checking in for the first day of orientation.

### ***Declaring an Undergraduate Minor***

Bachelor’s degree students will add one minor to their program of study.

An undergraduate minor requires a minimum of 15 credit hours of undergraduate-level coursework, as specified by the individual minor program. A student may choose from among the undergraduate minor programs offered by the College. The completed undergraduate minor appears on the student’s official record.

The following rules apply:

- A bachelor’s degree student will declare their intent to pursue a minor at the time of application for admission or after acceptance as an enrolled student, up until the beginning of their last term of enrollment. It is strongly encouraged that a student who wishes to pursue an undergraduate minor begins planning early and consults with their academic advisor and/or program director.
- The program of study for their minor cannot be the same where the courses for the minor are a subset of required courses in the major.
- Courses used to fulfill requirements for the minor may be used to satisfy open electives of a major.

- A student must fulfill all requirements for the minor and major concurrently and may not extend their program of study to complete a minor.
- A student must adhere to the curriculum of the undergraduate minor for which they have been approved. If a student wishes to request a course substitution to fulfill a requirement of an undergraduate minor, they must seek prior approval through their academic advisor or program director. Deviation from the minor requirements without prior approval will result in nullifying the minor on a student's record.

The minors available are:

- Behavioral Health
- Applied Behavior Analysis
- Addictions Counseling

### ***Course registration***

The College's procedures for class registration are published well in advance of the registration period for each semester/term. (New incoming students will be registered by their academic program or the Registrar's Office. The academic departments will make the determination.) Each year's registration requires advisor approval.

Students are advised of the following general registration policies:

1. Unless on an approved or mandated leave from the College, students are required to register for classes each fall and spring semester (and summer, if a program requirement) until all academic program requirements have been completed.
2. A student may not exceed the standard full-time course enrollment as dedicated by an academic degree program for any given semester without the permission of the advisor.

3. Any change in student status (e.g., from part-time to full-time, or full-time to part-time) requires the completion of a form on the Registrar's Office webpage and approval from the Director.
4. All students are required to register according to their academic program schedule and before the date that the late fee is applied, which is posted on the Registrar's Planning Calendar on the Registrar's Home Page. Payment of this fee does not alter the fact that late registrants are frequently unable to select the courses they prefer. Students who register late jeopardize their financial aid, possibly resulting in student loans becoming due immediately. Any student who fails to register by the end of the drop/add period will be suspended from continuous attendance.

#### ***Course drop/add***

The drop/ add period begins on the first day of registration and ends on the date published by the Registrar in the Academic Calendar. The dropping/adding of courses after the registration period is closed, must be requested by a form located on the Registrar's Office webpage.

#### ***Course waiting lists, enrollment priority, and reopened courses***

The online registration system allows for students to be placed on a waitlist for courses. Please be advised that there are no guarantees that a student will be admitted to a course section in which they are waitlisted, nor will a waitlisted course count towards your enrollment status for financial aid or enrollment status. If an opening arises, you will receive an email, please respond immediately. Please note that there may be other students on the waiting list. Legitimate special considerations may only be made by the appropriate Director of the course. Instructors do not manage the waitlist for their courses.

### ***Withdrawal from a course***

If a student wishes to withdraw from a course after the drop/add period they must inform the Registrar's Office using a withdrawal form located on the Registrar's Office webpage. A grade of "W" is recorded for approved course withdrawals if prior to the mid-point of the semester, after the mid-point a grade of "WF" is assigned. In instances where students discontinue attendance without completing the course withdrawal process, a grade of "WF" is recorded. Please refer to the Refund Policy for withdrawals under Policies and Consumer Information.

### ***Auditing a course***

Any matriculated or non-matriculated student who wishes to audit a course must complete a "Request to Audit" form (available from the Registrar's Office web page) and obtain permission of the appropriate Director and the course instructor. While audited courses are noted on the student's transcript, no grade is received, and no credit is awarded. Please note that audited courses are billed at 50% of the course tuition.

### ***Failure to register***

Current students who fail to register for the next required semester, will be dismissed at the end of the next semester add/drop period. Continuous enrollment is required.

### ***Student evaluation of courses and instructors***

The integrative philosophy of professional education includes an understanding of the importance and reciprocal nature of evaluation. All students are evaluated in the classroom and in the field on several indices of professional growth. Equally important is the expectation that all students assume a responsibility for evaluating their professional training experience as well as themselves throughout the scope of professional training.

Equally relevant is the systemic need for evaluative feedback. The College considers course and faculty evaluations, among other sources of data, as necessary information regarding ongoing quality assurance review of the institution's program. Moreover, accrediting and regulatory bodies, the American Psychological Association (APA), the National Association of School Psychologists (NASP), and the New England Commission of Higher Education (NECHE), require that we regularly generate such information.

Students must complete a Course Evaluation on each of the classes in which they have been enrolled during each term. The Department of Academic Data, Development, and Institutional Effectiveness (ADDIE) announces the availability of the online Course Evaluations within four days of the end of a given term and provides instructions to the student body regarding access to and completion of the evaluations. All information is communicated via college email.

Please note the following: (a) Course Evaluation results are presented anonymously; (b) Course Evaluation content is received electronically and aggregated by the College. No student feedback is presented with any identifying information; (c) ADDIE generates two kinds of reports: (1) an overall report aggregating all data, including narrative statements, as an evaluative summary for each class, and (2) a record of who has or has not completed evaluations based upon course enrollment records during a given academic term. Individual course instructors are not informed of who has or has not completed a Course Evaluation. Course Evaluations must be completed by all students within one week of the final class of the term.

## **Administrative academic policies that deal with stages of enrollment**

### ***Enrollment status measurement***

Enrollment status is measured by contact hours directly connected to each academic course section. This calculation operates to allow a course that may carry a low academic credit value to be measured at a higher percentage of enrollment based on the physical weekly hours required by the student to complete the academic course requirements. Enrollment status is determined as follows:

- 12.00 or more contact hours = full-time enrollment status.
- Less than 12.00 contact hours but at least 9.00 contact hours =  $\frac{3}{4}$  enrollment time.
- Less than 9.00 contact hours but at least 6.00 contact hours = half-time enrollment.
- Less than 6.0 contact hours is less than half-time enrollment and does not qualify for federal financial aid.

Contact hours are initially recommended by academic departments when new courses are requested through the Curriculum Committee. The CC will review the suggested contact hours but final approval will rest with the VPAA. In the majority of academic courses offered the academic credit hours match the contact hours.

### ***Leave of Absence***

A Leave of Absence is a temporary interruption in a student's program of study for an approved period of time, not to exceed 180 days unless approved by the Academic Department Chair. It is the expectation that students proceed through the program continuously unless there is a significant extenuating circumstance. If extended leave is approved, it cannot exceed 12 months, or the student will be required to re-apply to the program. A student who does not return from a leave of absence or an extended leave of absence by the agreed upon semester will be administratively withdrawn and will be required to reapply.

Only a student in good standing (academic and financial) who has the intention to return to the College at the end of the leave may request a leave of absence from the College, otherwise the student will have to withdraw. A completed Academic Leave of Absence Request form stating the reason for the leave request and associated documentation must be submitted to their Academic Department Chair for approval. The student would not be required to reapply to the college for military, medical, personal, or parental leave unless their academic department chair has indicated so on the LOA form, or if the student exceeds 12 months away from the college.

The beginning date of the Academic Leave is the day of the student's last academic activity. When an Academic Leave of Absence is approved, the final grade in all courses that were not completed would become 'W', unless the student is failing a course, in which case, the grade will be recorded as 'WF'.

An academic approved Leave of Absence is **not the same as a Leave of Absence for Federal Student Aid Determinations**. There are strict Federal Requirements for a student to be considered on a Leave of Absence (LOA) by the Federal Government. For this reason, a student is rarely allowed an LOA for federal loan purposes. Please contact the Financial Aid office to see how an approved Academic Leave of Absence will affect your current loans, scholarships, and your ability to receive financial aid in the future. You may also contact the Bursar's office to inquire about how other benefits such as health insurance are impacted.

The petition for LOA should be filled out and submitted by the student as soon as they are aware of the need to take time away from the program. Under unforeseen circumstances (e.g., serious illness, family emergency) during a semester/term a student will be withdrawn from all current semester/term courses. In an emergency it is possible for the Department Chair to submit the form without the student's signature. There must be a reasonable expectation that the student will return to the college at the conclusion of the Academic Leave for this to be done. The Department Chair must document the reason for the decision to approve the Leave and obtain the request from the student later.

Medical leave requires appropriate documentation from a health care provider. The Department Chair or their designee will evaluate the request for medical leave and any reinstatement, re-enrollment plans in consultation with other appropriate College personnel. The Department Chair or their designee will decide whether the request qualifies for medical leave, and if applicable, for subsequent return subject to certain conditions. Any specific return conditions in addition to a letter from a healthcare provider indicating readiness to return and/or those outlined below will be incorporated into a written agreement with the student. Depending on the circumstances, an individualized risk assessment may be conducted as part of this consultative process. The Department Chair or their designee will notify the student in writing of the decision. If a student's request for leave is denied, the student will be advised of the decision in writing, and the student may appeal that decision.

**\*Note:** The College reserves the right to require an Involuntary Medical Leave of Absence (as described below) if it determines that a student's continued enrollment would create a significant risk to the health and safety of any student or community member.

If a student does not return from an academic leave of absence and does not request to extend the leave, the student will be administratively withdrawn from the college and reported as such, retroactive to the Leave start date, to state and federal agencies. In such instances there is no guarantee of readmission or reinstated college financial aid.

In order to return to the college, the student must contact their academic Department Chair. The academic Department Chair will review the program requirements to be completed and formulate a plan of study. This may include repeating any required courses that that have had significant changes in content.

Students not in good academic or financial standing are ineligible for an Academic Leave of Absence. A student who is not in good academic or financial standing and who wishes to take time away from the program may only withdraw from the college. The process for readmission of fully-withdrawn former students in good standing will be followed. The Department Chair

will set the conditions for readmission. Previous enrollment at the institution does not guarantee readmission.

### ***Parental Leave***

A matriculated student who is expecting a child or is anticipating the adoption of a child should meet with their Department Chair as soon as possible to develop an academic plan. The academic plan may include accommodations to ensure program requirements are met including academic competencies and field placement hours. The student must submit medical or other supporting documentation.

### ***Military Leave***

An undergraduate or graduate student who is a member of the U.S. military, National Guard or other armed forces reserve unit who is called or ordered to active duty elsewhere may be granted a Military Leave of Absence (MLOA) from the College for the period of not more than **five years**, cumulatively.

Students with the MLOA need not reapply for admission to WJC and are readmitted with the same academic status as before deployment.

### ***Involuntary Medical***

At times, students may experience needs that exceed the College's resources. In such circumstances the student will be advised to consider a Leave of Absence for medical reasons. If the student declines a voluntary leave, the college may place the student on an Involuntary Medical Leave of absence in situations where: (1) the student is unable or unwilling to carry out substantial self-care obligations; (2) the student has health needs requiring a level of care that exceeds what the college can appropriately provide; (3) the student presents a substantial risk of seriously affecting the health or well-being of any student or other member of the community; (4) safety is seriously threatened by the student; (5) the student creates any other conditions disruptive to the college community.

Under such circumstances, and if Department Chair or their designee believes that an evaluation will facilitate an informed decision, the Department Chair may require at the College's expense an evaluation of the student's behavior and any relevant physical/mental conditions by an appropriate neutral provider designated by the College. The student will be offered a reasonable opportunity to address the evidence and to provide additional information relevant to the College's evaluation, including information from the student's treatment provider(s). A student who fails or refuses to undertake a requested evaluation may not be permitted to return to the College.

Following a review of the best available relevant information, including available current medical information, and in consultation with other College officials, the Department Chair or their designee will determine whether to impose an Involuntary Medical Leave of Absence. Leave determinations shall proceed as quickly as possible to allow a student experiencing difficulties to receive the support they need.

If an Involuntary Medical Leave of Absence is imposed, the College will provide the student written notice of the decision, including the beginning date and notification of any conditions that must be satisfied in order to return to the College in addition to those outlined below. Any such conditions for return will be determined by the College on an individualized basis and will be documented in the Involuntary Medical Leave of Absence notification. During the duration of the Involuntary Medical Leave of Absence, the student may visit the College only with the prior written authorization from the Vice President of Academic Affairs or designee.

If an Involuntary Medical Leave of Absence is not imposed, the College will provide written notice of that decision.

All returns from academic or medical leaves are semester based. In the case of the medical leave, if the leave will extend beyond the requested time additional supporting documents must be submitted.

### *Return from Medical Leave of Absence*

For either reinstatement or re-enrollment following a medical leave of absence, the College will require the student's health care provider to affirm in writing the student's readiness to return and supply suggestions for support and modifications to facilitate the student's academic success upon return to the College. The College has created a Readiness to Return Form that students should bring to their care provider to help facilitate a conversation regarding planning for return. If a student fails or refuses to supply the College with written documentation from their health care provider at the College's request, the College may require, at the College's expense, the student to undergo an additional individualized assessment to determine the student's readiness for return.

Additionally, students wishing to return following a medical leave must satisfy any specific return conditions established at the time of the granting or imposition of the leave. In reviewing requests for return from medical leave, the College looks for evidence that the issues that led to the request for leave or imposition of leave have been addressed. Specifically, the student must show that they have maintained stability and demonstrated follow through with treatment for a sufficient period of time to enable the student to be a successful student. Additionally, evidence of productive functioning (i.e., employment, volunteering, etc.) is looked upon favorably.

The decision whether to permit a student to return to the College is within the sole discretion of the College. Students must be cleared by the Department Chair prior to the first day of class for the semester in which the student wishes to return. It is incumbent upon the student to contact the Department Chair at least thirty (30) business days prior to the start of the semester to begin the process of being cleared to return.

If a student is permitted to return following a medical withdrawal, the student must meet with the Department Chair of their program prior to attending any classes. The student is also responsible for coordinating their return to the College with the Field Education Office (if applicable), the Office of the Dean of Students, the Academic Resource Center, the Office of Financial Aid and the Registrar's Office, and any other College office as might be necessary. A student must also resolve any outstanding Code of Conduct or disciplinary issues prior to their return.

### ***Good academic and financial standing***

The following conditions are necessary for any currently enrolled student to be certified as being in good standing: (1) The student must be free of any currently applied official academic probationary or warning status; (2) The student may not be in any official probationary or warning status related to professional or social behavior; and (3) The student may not be delinquent in financial obligations to the college.

Former students will be certified as having been in good standing if the first two criteria (above) were satisfied at the time of separation from the college, and if all financial obligations to the college have been satisfied or are up to date.

### ***Readmission of dismissed students***

Former students who have been dismissed for any reason must petition and receive permission from the Director prior to applying for readmission. If permission for admission reconsideration is granted, the process described below (Readmission of Former Students) will be followed. Former students who have been denied permission to apply for readmission may appeal said decision to the VPAA, whose decision is final.

### ***Readmission of former students***

Readmission is the process by which a previously matriculated student who has withdrawn from the program is considered for re-enrollment. Previous enrollment does not guarantee re-admission.

If a student has withdrawn from the college in good academic and professional standing and chooses to reapply to their program, the student will need to schedule an appointment with the Department Chair to discuss resuming their matriculation. In most cases, an individual plan for re-entry can be constructed.

A student who withdrew from William James College due to unsatisfactory academic progress has the option to re-apply to the college. Lack of satisfactory academic progress may be due to academic performance, performance in their field education or to professional behavior. If a student chooses to re-apply, they must include in their formal application essay, a serious reflection on what had occurred that entailed withdrawal and what changes and factors would now predict a much improved and satisfactory performance across all domains of their graduate school education. While their former academic department will thoroughly review their application, there is no guarantee of re-admission.

If written materials warrant, the Department Chair will invite the applicant for an interview in order to elaborate on specific components of the application, as well as his/her previous and interim experiences.

The Department Chair will decide on the candidate's admissibility and determine whether any special terms or conditions will be established for the readmission. Readmitted students who wish to appeal said special terms/conditions may do so with the VPAA.

Readmitted students may be required to satisfy new curriculum requirements and/or—because of particular licensing requirements—may be required to repeat previously completed coursework. All previous financial obligations must be settled prior to being readmitted.

### ***Withdrawal***

Students may withdraw from the College at any date by submitting a completed Full Withdrawal Form located on the Registrar's Office web page. Be aware that there may be financial aid implications for Federal Student Loan borrowers who withdraw.

There are several options on the withdrawal form to indicate the nature of the withdrawal and a checkbox for the Department Chair to use to indicate whether it would be necessary for a

student to have to reapply through admissions if they wanted to return to the college. If the box is NOT checked, the student would only need to meet with their academic advisor or the Director of their program to plan out their continued road map for registration of courses that are needed to complete their degree program (refer to Refund policy in Section II).

If a student withdraws with no intention of returning, then decides otherwise at a later date, they must reapply through the admissions office and complete a “new” application.

### ***Graduation***

Graduation applications are due in the semester prior to the last semester of enrollment to complete a degree program. Please check the Registrar’s Calendar for the due date. Information regarding graduation fees can be found online: <http://www.williamjames.edu/admissions/tuition-and-aid/fees-and-charges.cfm>.

Students who will not have completed all undergraduate degree requirements by the date specified for graduation may participate in the spring commencement ceremony, subject to the following restrictions:

- (a) no more than three (3) of the program credits remain unfulfilled at the conclusion of the spring semester (unless the student is still fulfilling field education hours)\*;
- (b) the department chair or program director verifies that the remaining unfulfilled credits are not the result of deficient academic work during the course of the degree and are on track for successful completion by the end of the summer session;
- (c) If the program requires a comprehensive examination or a capstone project, these need to be completed before the conclusion of the spring semester.

Students complying with the stipulations described above may request permission from the VPAA to participate in Commencement. However, all program requirements must be completed before a degree—or a diploma representing a degree—will be awarded. (The date of the degree will be determined by the date of completion of requirements, not by the date of participation in Commencement.)

### ***Definitions***

A student is defined as one who is, or has been, officially registered, and who attends, or has attended, classes at William James College.

With certain exceptions, education records are records relating to a student that are maintained by William James College.

Personally identifiable information includes a student's name, the address of the student, or other information that would allow a student to be identified.

Directory information consists of the following items of information:

- Academic program (degree, major)
- Dates of attendance, full-time/part-time status
- Degrees, honors, awards received
- Email directory lookup
- Local address and phone number

### ***Privacy preferences***

Unless restricted, William James College may disclose any of the items of Directory Information without a student's consent. Students may restrict the disclosure of any item of

Directory Information by submitting written notification to the Registrar's Office. The right to restrict disclosure of Directory Information does not include the right to remain anonymous in class and may not be used to impede classroom communication. Student's information will be printed in the commencement program unless the Registrar's Office is notified prior to publication.

*Please Note:* After graduation, the Office of the Registrar will not confirm degrees earned to prospective employers or any other party without the student's permission.

### ***Inspection of educational records***

To inspect education records, a student should submit a written request identifying the records to be inspected to the Registrar.

Written requests to access records will receive a response within a reasonable period of time, but not more than forty-five days after submission. A William James College official will arrange for access and will notify the student of the time and place where the records may be inspected. William James College may charge a fee for a copy of the education records, if a copy is requested.

### ***Information which a student does not have the right to inspect***

A student does not have a right under FERPA to inspect information that is not an education record, such as:

- Employment records (provided that employment is unrelated to student status);
- Records containing information about the individual that were created or received after they are no longer a student and that are not directly related to the student's attendance at William James College;

- Records of instructional, supervisory, administrative and educational personnel that are kept in the sole possession of the maker of the record and are not accessible or revealed to any other person except a temporary substitute for the maker of the record.

In addition, a student does not have the right to access certain education records, such as:

- Confidential letters of recommendation, if the student has waived their right of access in writing;
- Admissions records for a student who does not officially attend the program of admission. If the student completed a course at William James College but never officially attended as a degree candidate in the program of admission, then the student has FERPA rights with respect to that course but does not have rights with respect to the admissions records for that program;
- Records of a student that contain information on other students. The student may inspect, review, or be informed of only the specific information about that student.

***Authorizing another person to inspect or receive copies of your student records***

A current or former student who wishes to permit another person to inspect or receive copies of the student's education records must provide a signed and dated written consent which must:

- Specify the records that may be disclosed;
- State the purpose of the disclosure; and
- Identify the person or class of parties to whom the disclosure can be made.

### ***Amending educational records***

Students have the right to have their education records maintained accurately and may request amendment of records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. If the normal channels for amending education records within William James College do not result in the desired corrections, students should submit a letter to the Registrar requesting that their education records be amended. The

Registrar will inform the student of William James College's decision concerning the requested amendment within forty-five (45) days from the date of receipt of the student's request.

If William James College decides not to amend the record as requested, the student will be advised of their right to a hearing to challenge the content of the records on the grounds that the information contained in the record is inaccurate or misleading (i.e., that the information in the records has been recorded incorrectly) or violates the student's rights under FERPA and will be explained the procedures to request such a hearing. If, after the hearing, William James College decides that the information contained in the record is not inaccurate or misleading, it will inform the student of the right to place a statement in the record commenting on the contested information or stating why the student disagrees with William James College's decision.

**Note:** The process of amending records or requesting hearings regards only information that has been recorded inaccurately or incorrectly or that violates the student's rights under FERPA. It is not a process to appeal grades, disciplinary decisions, or other William James College decisions with which the student disagrees but which have been recorded accurately. Normal review and appeal channels must be utilized where the dispute is with the decision itself and not with the accuracy with which the decision or information has been recorded.

### ***Complaint procedure***

A student has the right to file a complaint with the Family Policy Compliance Office at the U.S. Department of Education concerning alleged failures by William James College to comply with the requirements of FERPA. A complaint must be submitted to the Office within 180 days of the date of the alleged violation or of the date that the student knew or reasonably should have known of the alleged violation. The complaint must contain specific factual

allegations giving reasonable cause to believe that a violation of the Act has occurred, and it should be forwarded to:

Family Policy Compliance Office  
US Department of Education

### **Facilities and services for students with disabilities**

Pursuant to several federal and state laws, including the Americans with Disabilities Act of 1990, as amended by the ADA Amendments Act of 2008, Section 504 of the Rehabilitation Act of 1973, and Massachusetts Gen. Laws c. 151C, all qualified students with disabilities are protected from discrimination on the basis of disability and are eligible for reasonable accommodations or modifications in the academic environment to enable them to enjoy equal access to academic programs, services or activities.

The College is fully committed to: complying with the laws regarding equal opportunity for all qualified students with disabilities; promoting the full participation of all qualified students in all aspects of campus life; and making reasonable accommodations as are necessary to ensure that its programs and activities do not discriminate, or have the effect of discriminating, on the basis of disability.

William James College therefore prohibits discrimination against any individual on the basis of physical or mental disability. It is also the College's policy to provide reasonable accommodations to persons with disabilities unless such accommodations would impose an undue burden or fundamental alteration to the program in question.

Students with disabilities at the College are required to meet the same academic standards as nondisabled students at the College. Moreover, it is only through a student's voluntary disclosure of their disability and request for accommodation(s) that the College can support the student's needs. This Policy extends to all rights, privileges, programs and activities, including admissions, financial assistance, and educational programming. The College encourages all students with disabilities to self-identify.

### ***Definitions***

A. An *individual with a disability* is a person with a physical or mental impairment that substantially limits one or more "major life activities." Physical or mental impairments include, for example, specific learning disabilities, emotional or mental illness, blindness and visual impairments, deafness and hearing impairments, mobility impairments and some chronic illnesses.

A person is considered to be an individual with a disability and legally protected if the person has the disability, has a record of having the disability, or, for certain purposes, is regarded as having the disability. An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.

B. *Major life activities* include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and

working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

C. *Substantially limits* means a material restriction of the duration, manner or condition under which an individual can perform a major life activity when compared to the average person's ability to perform that same major life activity. Temporary impairments that take significantly longer than normal to heal, long-term impairments, or potentially long-term impairments of indefinite duration may be disabilities if they are severe. The College will evaluate whether the impairment substantially limits any of the major life activities of a specific student, not whether the impairment is substantially limiting in general.

The College also will determine whether impairment substantially limits a major life activity without regard to effects of mitigating measures such as medication, medical supplies, hearing aids, etc. For example, a student with hearing loss will still qualify as an individual with a disability, even though the individual may substantially improve their hearing impairment while using hearing aids. The one exception to this rule is eyeglasses or contact lenses. Because so many individuals wear corrective lenses, the effects of corrective lenses on one's vision shall be considered in determining substantial limitation. Thus, a student with good vision with corrective lens will not be considered disabled for the purposes of this Policy.

D. *A qualified student with a disability* means an individual who, with reasonable accommodations to rules, policies or practices, the removal of barriers or the

provision of auxiliary aids and services, meets the eligibility requirements for the receipt of services and the participation in programs or activities.

- E. *Accommodation* refers to an adjustment or modification in the academic environment that enables an individual to enjoy equal access to the College's programs, services or activities. An example of an accommodation would be one that allows a student to complete the same assignment or test as other students, but with a change in the timing, formatting, setting, scheduling, response and/or presentation. The accommodation does not alter in any significant way what the test or assignment measures.

Personal aids and services, including help in bathing, dressing, or other personal care, are not required to be provided by postsecondary institutions.

- F. *Reasonable accommodation* is a modification or adjustment to a course, program, or activity or facility that allows the student with a disability to participate as fully as possible in the programs and activities offered by the College. Accommodation may be necessary where the student has, or has a record of having, a disability.

- G. *Auxiliary aids and services* refer to a wide range of devices and services that provide effective communication for students with disabilities. Examples of auxiliary aids and services are taped texts, note takers, interpreters, readers, videotext displays, television enlargers, talking calculators, electronic readers, Braille calculators, printers or typewriters, and telephone handset amplifiers.

- H. *Fundamental Alteration*. While the College makes every effort to provide reasonable accommodations, it is not required to provide any aid or service or make any modification that would result in a fundamental alteration in the nature of its

academic programs. In evaluating whether the requested program modifications would require substantial program alteration or would fundamentally alter academic standards or programs, the program administrator should consider the underlying academic reasons for the program components, the academic standards institutionalized in the program, how the challenged components are consistent with the program standards, and how the requested accommodations would be inconsistent with the academic goals and standards of the program.

For example, where a course requirement is essential to the program of instruction taken by the student, the College is not required to waive the requirement.

More specifically, in accordance with the College's Guidelines on Professional Behavior, all students, including those with documented disabilities, must sustain an overall attitude of receptivity to all sources of personal and professional learning during the course of professional training, and are expected to adhere to the same Guidelines on Professional Behavior as previously articulated.

- I. *Essential Element.* An accommodation is not reasonable if it means making a substantial change in an essential element of a course or a given student's curriculum. It is the College's responsibility to demonstrate both that the change requested is substantial and that the element targeted for change is essential to the conduct of the course or program curriculum. Whether or not the change requested is substantial/essential may be based on pedagogical precepts and/or documented in the class syllabus. Sometimes the question hinges not on the course of study but the manner in which a specific course is conducted.
- J. The College need not accommodate a student who poses a *direct threat to the health*

*or safety* of others, which means a significant risk to health or safety that cannot be eliminated by modification of policies, practices, or procedures, or by the provision of auxiliary aids or services. In determining whether a student poses a direct threat to health or safety, the College must make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or the best available objective evidence, to ascertain: (a) the nature, duration, and severity of the risk; (b) the probability that the potential injury will actually occur; and (c) whether reasonable modification of policies, practices, or procedures will mitigate the risk.

K. *Undue Burden.* The College need not make modifications or provide auxiliary aids or services if it constitutes an undue burden. In determining whether or not an undue burden exists, the factors to be considered are the nature and cost of the action needed in the context of the overall financial resources of the College.

### ***Procedures to obtain accommodations***

Students with disabilities who wish to make a request for accommodations, modifications, auxiliary aids and/or disability-related services must do so through William James College's Student Accessibility Services (SAS), which serves students with all types of disabilities, including visual, mobility and hearing impairments, and learning and psychiatric disabilities. SAS works with students on an individual basis to determine which, if any, accommodations, modifications, auxiliary aids and/or services would be most effective to help them achieve academic success. For the purposes of these Accommodation Procedures, William James College will refer to accommodations, modifications, auxiliary aids and/or services collectively as "accommodations."

A. *Registering for Services* – To receive accommodations, students must register with the

Academic Resource Center (ARC). Students are encouraged to register with SAS prior to arrival on campus for the upcoming semester. With very few exceptions, no student is entitled to accommodations unless the student self-identifies and registers with SAS. To begin the process, each student must submit an Intake Form and medical documentation of their disability to SAS. Once the documentation and intake form are received, SAS will invite the student to schedule an intake appointment to officially register for services and to determine the student's eligibility for accommodations. During the intake meeting, SAS will review the student's documentation and discuss which types of accommodations, modifications, aids and/or services may be reasonably necessary. SAS may request additional documentation if it is incomplete, or if there are questions or inconsistencies with the student's current impairment status and a requested accommodation(s). If SAS determines that the student is eligible, an accommodation plan will be developed. All accommodations are determined on a case-by-case basis.

B. *Documentation Requirements* – Appropriate medical documentation of disability must be provided so that SAS may: (1) determine the student's eligibility for accommodation; and (2) if the student is eligible, determine appropriate academic accommodations, modification, aids and/or services. Disability documentation must include a written evaluation from a physician, psychologist or other qualified specialist that establishes the nature and extent of the disability and includes the basis for the diagnosis and the dates of testing. The documentation must establish the current need for accommodation. At a minimum, the documentation must:

1. Clearly identify the diagnosed disability or disabilities.
2. Describe the functional limitations resulting from the disability or disabilities.

3. Be current within three (3) years for learning disabilities and ADHD, and within six (6) months for psychiatric impairments.
4. Be current for visual, hearing or mobility-related impairments. (Although some individuals have long-standing or permanent diagnoses, because of the changing manifestations of many physical disabilities, it is essential for those individuals to provide recent and appropriate documentation from a qualified evaluator.)
5. Include a complete educational, developmental and medical history relevant to the disability.
6. Include a list of all test instruments used in evaluation and relevant subtest scores. (This requirement does not apply to visual, hearing or mobility-related impairments.)
7. Describe the specific accommodations, adaptive devices, assistive services, compensatory strategies and/or collateral support services requested.
8. Be typed or printed on official letterhead and be signed by an evaluator qualified to make the diagnosis, including licensure or certification and area of specialization.

Documentation may need to be updated or augmented in order to be reviewed more fully. Students who submit documentation that does not meet the above guidelines will be required to send a revised evaluation before being considered for accommodations.

C. *Determining Eligibility* – If SAS determines that the student has a disability and is a qualified student with a disability, it will determine the student’s reasonable accommodations on a case-by-case basis, taking into account the needs of the student, the

course standards and essential requirements, and the educational environment. Eligibility for accommodations is determined through an examination of the student's description of need and the thoroughness of their disability documentation. More particularly, accommodations are determined by SAS in consultation with the student and with input from the faculty and staff, where needed. In general terms, SAS makes determinations regarding reasonable accommodations by examining the following:

1. The barriers resulting from the interaction between the documented disability and the campus environment;
2. The possible accommodations that might remove the barriers;
3. Whether or not the student has access to the course, program, service, activity or facility without an accommodation; and
4. Whether or not essential elements of the course, program, service, activity or facility are compromised by the accommodations.

In reviewing the specific accommodation requests by the student or recommended by the physician/evaluator, SAS may find that while a recommendation is clinically supported, it is not the most appropriate accommodation given the requirements of a particular student's academic program. In addition, SAS may also propose clinically supported accommodations that would be appropriate and useful for the student, but which neither the student nor the evaluator have requested.

D. *Accommodation Requests* – Accommodations may include, but are not limited to: tape recorders; signing interpreters; note-takers; extended time testing; distraction-reduced testing setting; oral exams; use of computer/word processor for testing; and alternatively formatted texts. Under certain circumstances, course substitutions may be appropriate

modifications. For *each semester* in which a student seeks accommodations, they student must submit an Accommodation Request Form and a copy of their course schedule.

Students should submit their Accommodation Request Form prior to the start of the semester. Otherwise, requests for accommodation should be made as early as possible to allow SAS sufficient time to review requests and documentation, and to make proper arrangements. Accommodation may be compromised or denied if a request is not made in a timely manner. A disclosure of disability or request for an accommodation made to a faculty member, administrator or staff member, other than the staff of SAS, will not be treated as a request for an accommodation.

- E. *Denial of Accommodations* – The College reserves the right to deny services or accommodations in the event that documentation does not comply with its guidelines for service eligibility or documentation (*sections B. and C. above*), is out-of-date, incomplete or otherwise insufficient. If the documentation provided by a student does not support the existence of a disability or the need for an accommodation, the student will be so advised. Students will be given the opportunity to supplement the initial documentation with further information from a physician, psychologist or other specialist. The College is not required to provide an accommodation that compromises the essential requirements of a course or program, imposes an undue burden or that poses a direct threat to the health or safety of the student or others.

### ***Confidentiality***

The College recognizes that student disability records contain confidential information and are to be treated as such. Therefore, documentation of a student's disability is maintained in a confidential file in the Academic Resource Center and is considered part of the student's

education record. Information related to a disability may be disclosed only with the permission of the student, or as permitted by the College's student records policy and federal law.

At the same time, however, a student's right to privacy must still be balanced against the College's need to know the information in order to provide requested and recommended services and accommodations. Therefore, in the interest of serving the needs of the student, the provision of services may involve SAS staff disclosing disability information provided by the student to appropriate College personnel participating in the accommodation process.

Information may also be disclosed to appropriate parties in a health or safety emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. This is limited to a specific situation that presents imminent danger to a student, other students, or other members of the College community. Any release of information must be narrowly tailored considering the immediacy, magnitude, and specificity of information concerning the emergency. The amount of information that may be released is determined on a case-by-case basis.

**Section 504/ADA Coordinator:**

**Jonathan Corey**, (617) 477-2060 (Phone/Fax). [jonathan\\_corey@williamjames.edu](mailto:jonathan_corey@williamjames.edu).

Inquiries regarding this Policy and all other disability-related issues, including the physical accessibility of the College and its grounds, should be directed to the Section 504/ADA Coordinator.

**Student diversity**

William James College is committed to recognizing diversity and difference in our community through curriculum development, social activities, and community involvement and by continually working on ways to create dialogue. We recognize that our students represent a broad spectrum of diversity and difference worth celebrating and respecting. Our dedication to

serving the needs of underserved populations in Massachusetts can be seen not only through field placement in communities in need, but also through community volunteering at a variety of places like food banks, children's organizations and shelters.

### **International students on F-1 visas**

The College is authorized by the US Department of Homeland Security to host students on nonimmigrant Student visas (F-1) for certain programs. During the months prior to enrollment, the Admissions Office assists admitted full time students with the visa application process. The Admissions Office also advises such students in the maintenance and compliance of Student visa regulations. Although the College supports Student visas, it is ultimately the responsibility of the student to remain in status and to comply with US regulations and requirements in a timely manner.

### **Discrimination: policy against discrimination, harassment and retaliation**

#### ***Prohibited conduct***

Examples of discriminatory harassment, all of which are prohibited by this Policy, include, but are not limited to:

- Refusing to admit a student for requesting a reasonable accommodation based on disability in the admission process.

Members of the academic community should not assume that any of the forms of speech described above are protected by the principles of academic freedom or the First Amendment to the United States Constitution.

***Conduct that is not prohibited***

William James College is committed to protecting, maintaining and encouraging both freedom of expression and full academic freedom of inquiry, teaching, service, and research. Nothing in this Policy shall be construed to penalize a member of our community for expressing an opinion, theory, or idea in the course of responsible teaching and learning.

***Complaint investigation and resolution procedures***

William James College has established specific Complaint Investigation and Resolution Procedures to review and resolve allegations of discrimination, discriminatory harassment and retaliation on their campuses. Any member of the college's community or any applicant for admission or employment who believes that they have been a victim of such conduct in violation of this Policy may initiate a complaint as outlined in the same procedures used for Title IX.

***Duty to cooperate***

Every faculty member, administrator, staff member and employee has a duty to cooperate fully and unconditionally in an investigation conducted pursuant to the Complaint Investigation and Resolution Procedures. This duty includes, among other things, speaking with the Equal

Opportunity (EO) Officer, Director of Human Resources and Administrative Investigator and, reviewing or appellate body, and voluntarily providing all documentation that relates to the claim being investigated. The failure and/or refusal of any employee to cooperate in an investigation may result in a separate disciplinary action up to and including termination.

***Duty to report discrimination, discriminatory harassment or retaliation***

No member of the William James College community, including a faculty member, can ignore a report of discrimination, discriminatory harassment or retaliation. They should provide the reporter as much assistance in bringing it to the attention of the EO Officer (Director of Human Resources) as is reasonably appropriate given their position and relationship with the reporter.

In terms of reports of discrimination, discriminatory harassment or retaliation, any trustee, administrator, Director, department chair, program coordinator, manager or supervisor who receives such a complaint from a student or other member of the William James College community is obligated to report the complaint to the EO Officer as soon as they become aware of it. Likewise, any member of the William James College community is encouraged to report to the EO Officer any conduct of which they have direct knowledge and which they in good faith believe constitutes discrimination, discriminatory harassment or retaliation in violation of this Policy.

Any member of the William James College community who has a question about their responsibilities under this Policy Against Discrimination, Discriminatory Harassment and Retaliation should contact the EO Officer.

### ***False charges***

Filing a false charge of discrimination, discriminatory harassment or retaliation is a serious offense. If an investigation reveals that a person knowingly filed false charges, the College may take appropriate actions and issue sanctions, up to and including termination or expulsion, pursuant to other applicable institutional policies. The imposition of such sanctions does not constitute retaliation under this Plan.

### ***Consensual relationships***

William James College does not intrude upon private choices regarding personal relationships when these relationships do not violate the Institution's policies, or cause harm or increase the risk of harm to the safety and wellbeing of members of campus community. Consensual romantic and/or sexual relationships in which one party retains a direct supervisory or evaluative role over the other party are unethical and create a risk for real or perceived coercion.

### ***Faculty/administrator/staff member relationships with students***

A romantic and/or sexual relationship, consensual or otherwise, between a faculty member, administrator or staff member and a student is looked upon with disfavor and is strongly discouraged. No faculty member shall have a romantic and/or sexual relationship, consensual or otherwise, with a student who is being taught or advised by the faculty member or whose academic work is being supervised or evaluated, directly or indirectly, by the faculty member. No administrator or staff member shall have a romantic and/or sexual relationship, consensual or otherwise, with a student who the administrator or staff member supervises, evaluates, advises, or provides other professional advice or services as part of an institution program or activity.

***Relationships between supervisors and subordinates or between co-workers***

A consenting romantic and/or sexual relationship between a supervisor and subordinate or co-workers may interfere with or impair the performance of professional duties and responsibilities and/or create an appearance of bias or favoritism. Further, such relationships could implicate state ethics laws and/or result in claims of sexual harassment, discrimination, gender-based misconduct or retaliation. Therefore, such workplace relationships are strongly discouraged.

***Retaliatory action prohibited***

William James College prohibits retaliatory action against persons who file claims, complaints or charges under its Complaint Investigation and Resolution Procedures, under applicable local, state or federal non-discrimination statutes, who are suspected of having filed such claims, complaints or charges, who have assisted or participated in an investigation or resolution of such claims, complaints or charges, or who have protested practices alleged to be in violation of the non-discrimination policy of the institution, or of local, state or federal non-discrimination regulations or statutes. Such retaliation is cognizable under the Institution's Complaint Investigation and Resolution Procedures as well as under state and federal law. Retaliation, even in the absence of provable discrimination in the original complaint, charge or allegation, constitutes a violation as serious as proved discrimination under the original claim, complaint, charge or allegation. Any person who believes they have been retaliated against in this manner is encouraged to immediately file a claim or complaint under the Institution's Complaint Investigation and Resolution Procedures.

***Campus safety and support system***

William James College has established a comprehensive system of safety and support for the

community. William James College is committed to maintaining a safe learning and work environment. To ensure the safety of our community and its members we encourage you to report any incidents of concern about your safety or the safety of others.

***CARE (Crisis Assessment Risk Evaluation) Team***

The CARE Team is an interdepartmental support team established to assess and manage potential concerns and threats to the both individuals and the William James community at large. The team is comprised of administrators from a range of departments so as to collaborate with the greatest amount of information available. The Team is led by the Dean of Students and includes a representative from Human Resources, Facilities/Security, College Designated Title IX Officer, faculty representative(s), Legal Counsel (as needed), and Law Enforcement (as needed). The CARE Team will report directly to the VPAA.

After initial assessment of a report, an investigative plan will be developed by the Dean of Students or VPAA. This includes interviews, data collection, and other outside agencies to be consulted if necessary. The CARE Team will consult on the management of such plan, as needed, for affected individuals and the campus. Lastly, all final findings will be reported to the proper College administration for review and potential resolution. The CARE Team is not involved in the adjudication of complaints.

***Reporting procedure***

Any student, staff, or faculty member who has a concern about safety is encouraged to make a report.

This can be done by:

## **Student financial assistance**

### ***Assistance available from federal, state, local, and institutional programs***

Student financial assistance is available to those who qualify. The Financial Aid Office administers the following student financial aid programs: the William D. Ford Federal Direct Loan Program (Direct Unsubsidized Loans, Direct Subsidized Loans); Pell Grants; FSEOG, Federal Work Study; alternative loan programs; Veterans Benefits; and William James College institutional aid. Students who have questions about their eligibility or about the procedures involved for any of the following forms of financial assistance should consult the Financial Aid Office.

### ***FEDERAL PROGRAMS:***

**Your Federal Student Aid (FSA) ID** - Students must log in using their own FSA ID to complete Entrance Counseling. Use of another person's FSA ID constitutes fraud. Use only your own FSA ID information. Federal Student Aid will cannot be disbursed until this step is completed.

**Free Application for Federal Student Aid (FAFSA)**-All students requesting financial assistance from the Federal Programs must apply on-line at [www.studentloans.gov](http://www.studentloans.gov) by completing a FAFSA. Students are also required to complete online entrance counseling and a Master Promissory Note (MPN) prior to the release of the funds. Additionally, an online exit interview must be completed prior to leaving the College, whether by leave of absence, withdrawal, dismissal, or official graduation from a program.

**Entrance Counseling**- If you have not previously received a Direct Loan or Federal Family Education Loan (FFEL), the Federal Government requires you to complete entrance

counseling to ensure that you understand the responsibilities and obligations you are assuming. If you are completing entrance counseling to borrow a loan as an undergraduate student, then the entrance counseling will fulfill counseling requirements for Direct Subsidized Loans and Direct Unsubsidized Loans.

**Master Promissory Note (MPN)**- The MPN is a legal document in which you promise to repay your student loans and any accrued interest and fees. The MPN can be completed on [www.studentloans.gov](http://www.studentloans.gov) and note that Federal loans may not be disbursed before the MPN is completed.

### ***Pell grants***

Pell Grant awards are based on the 9-month Expected Family Contribution (EFC) on the student's valid SAR or ISIR, the academic year structure, and the cost of attendance for a full-time student for a full academic year. The Scheduled Award amounts are specified on the Pell Payment Schedules released by the Department of Education. For term-based programs, awards for part-time students are also based on enrollment status, using the part-time charts in the Pell Grant Disbursement Schedules.

### ***Federal work study program and student employment-SELF-HELP***

The College provides part-time campus-based employment opportunities to qualified students. When compensation for a position is funded in part by federal funds, students must demonstrate financial need as shown on the student's Free Application for Federal Student Aid (FAFSA) which must be filed prior to Federal Work study being awarded. The estimated compensation must be factored into student's total financial assistance package and must not result in an over-award (total financial assistance may not exceed the total cost of attendance).

Supervisors of student employment positions funded solely by institutional sources are encouraged, but not required, to offer positions to qualified students with unmet financial need.

All available job opportunities must be posted on the [Career Services](#) site. The duration of the position is dependent upon the needs of the department. There is no guarantee of continued employment in any or the same position.

#### Applying for William James College work

1. Students must submit a completed William James College Student Employment Application to the Financial Aid office.
2. The Financial Aid office will verify that the student is in good academic standing and (if the position is funded by federal sources) that the estimated compensation will not result in an over-award.
3. Financial Aid office will forward a copy of the application to the hiring supervisor.
4. All applicants must be informed of the final status of their application by the hiring supervisor.
5. New hires must receive a copy of the William James College Student Employment Handbook (from the Financial Aid office) and sign the FERPA agreement. All required payroll forms must be completed prior to the start date of employment.

Applicants for Teaching Assistantships are generally expected to complete at least one academic year of study before applying for a teaching assistantship, although the hiring authority may permit limited exceptions to this expectation. Payroll forms are completed through the Financial Aid office, despite the fact that students are employed by departments.

### ***The Federal Direct Loan Program (Title IV)- LOAN MUST BE PAID BACK***

The College is authorized by the Department of Education to offer the Federal Stafford Loan. Students who are in good academic standing, enrolled at least half-time (as determined by their program of enrollment), who are US citizens or who hold a permanent resident visa and who are not in default on former education loans are eligible to apply. William James College students who are eligible are encouraged to take full advantage of this loan program with the understanding that loans must be repaid. Students should therefore calculate repayment ability in relation to total debt and future earnings. More specific information on the Federal Student Loan Programs can be found on the College's website or the Federal website [www.studentloans.gov](http://www.studentloans.gov)

### ***Cost of Attendance (COA) budget***

The Cost of Attendance Budget (COA) is an estimate of the total amount it will cost each student to attend school each year. All colleges are required to establish a COA Budget in determining eligibility for different types of student aid and must apply the COA formula uniformly and consistently to students enrolled in each academic program. The COA Budget is made up of direct costs charged by the institution for tuition and fees; as well as indirect costs for room and board, transportation and miscellaneous personal expenses.

William James living expense budgets are created using College Boards' statistical research found on their website: <http://professionals.collegeboard.com/higher-ed/financial-aid/living-expense>. School budgets are not student specific, but are estimates or guides a student can use when creating their own budget.

### ***Loan disbursement***

All Stafford loans are paid in two or three equal disbursements, usually after the add/drop period has ended. The loan proceeds are disbursed to the College via Electronic Funds Transfer

(EFT). Students who have a credit balance after the funds have been applied to their student account are entitled to a refund through Tuition Management System. In accordance with the Federal Cash Management Regulations, funds must be posted to the student's account no later than 3 working days after the receipt of the funds, and credit balances must be paid to the student within 14 days after the posting of the funds.

### ***Student refunds and credit balances***

Any credit balance resulting from a disbursement of federal funds must be refunded to the student within 14 business days, unless written notification is received from the student requesting that the College hold the funds in their student account.

Credit balances resulting from other sources (e.g., grants, alternative loan proceeds, dropped classes, overpayment) will be refunded to the student unless written notification is received to hold the funds in their College account. Please contact the Bursar's office;

[bursar@williamjames.edu](mailto:bursar@williamjames.edu); 617-327-6777 x1301 for questions pertaining to refunds, and credit balances.

### ***Request for advance of excess financial aid***

William James College offers an advance of pending financial aid funds to be used for the purchase of books and supplies. Continuing students may request up to \$1,000. Incoming students will be limited to an advance of \$500. Requests in excess of \$500 will be assessed a \$25 administrative fee. In order to request an advance of your excess financial aid, you must:

- Be expecting a refund of excess financial aid funds equal to or greater than the amount of the advance, and
- Be registered and enrolled in the necessary number of credits required for your financial aid award(s) in courses that are applicable to your degree program, and

- Meet all eligibility requirements of your financial aid award(s) including being matriculated in a degree-seeking program while maintaining good academic standing requirements and any other requirements that are specific to your award(s).

### ***Deferring loan repayments***

Students enrolled at least half-time, which is at least 4.5 contact hours, are eligible for a deferment on previous federal loans. If a student has completed all academic requirements for graduation, but has missed the deadline for the previous graduation and is not registered for the current semester, the student will be reported to the Federal government as having graduated on the date that the requirements were met. Student loans have a six-month grace period before they go into repayment. Students with loans that were previously in repayment, may have exhausted their grace period; students should check with their loan servicer if this is the case.

Application for deferment must be requested from the lending institution or school that originally approved the loan or from the servicer of that loan, and must be completed each academic year (in some instances, each semester) that the student is eligible. The deferment application should be completed by the student and then submitted to the Registrar's Office. The Registrar's Office will certify the student's enrollment status at the College and will forward the deferment application to the appropriate school/lender/servicer.

### ***Federal student financial aid penalties for drug law violations***

A conviction for any offense, during a period of enrollment for which the student was receiving Title IV, HEA program funds, under any federal or state law involving the possession or sale of illegal drugs will result in the loss of eligibility for any Title IV, HEA grant, loan, or work-study assistance.

Students who have lost eligibility for Title IV HEA assistance as a result of being convicted of possession or sale of illegal drugs will be notified by the Financial Aid office in writing. Under certain circumstances as prescribed by law, a student may be able to regain eligibility for Student Financial Aid.

### ***Student loan information***

#### ***Exit counseling for student borrowers***

Federal regulations require students who have borrowed Federal Loans to complete Loan Exit Counseling prior to leaving the college. Loan exit counseling provides students with information about their rights and responsibilities as a borrower as well as important information about repayment options. Students are required to complete an exit counseling session prior to graduation or upon dropping below half-time enrollment status. This can be completed online at [www.studentloans.gov](http://www.studentloans.gov) . We reserve the right to withhold official transcripts until this process is completed.

#### ***Satisfactory Academic Progress (SAP) policy (To be eligible for Federal Student Aid (FSA) funds)***

#### ***PLEASE REFER TO SAP POLICY IN THE ACADEMIC PORTION OF THIS MANUAL***

To be eligible for FSA funds, students must maintain Satisfactory Academic Progress (SAP) throughout their program of study. William James College's policy for monitoring academic progress includes standards for (time-based) quantitative progress (pace of completion), as well as (grade-based) qualitative progress. These standards, though a requirement for maintaining Financial Aid eligibility, are also applicable to students who are not receiving FSA funds.

Satisfactory Academic Progress is evaluated at the end of each semester. Only students who attend the summer semester will be evaluated for SAP at the end of the summer semester. Both the quantitative and qualitative components of SAP will be calculated and reviewed at each evaluation point which occurs at the end of each semester.

### ***Failure to maintain SAP***

Students not attaining the minimum requirements at the end of a semester will be placed on **Financial Aid Warning** for the period of one semester to be given the opportunity to meet the SAP standards. During this warning period, a student will remain eligible for Federal Student Aid funds. SAP will be reviewed upon the end of this semester. If SAP and the terms of the academic probation plan have been met, the Financial Aid Warning will be lifted. IF SAP and the terms of the academic probation plan HAVE NOT been met, the student will then go onto a Financial Aid Probation period. At this point, they will be ineligible for financial aid unless they submit an appeal which is approved by the Financial Aid Director and the Department Chair.

Satisfactory Academic Progress (SAP) is outlined in detail in section I of the Student Academic Policies section of this handbook.

### ***Appeals of Satisfactory Academic Progress (SAP)***

Students who have lost eligibility for Financial Aid may petition the school for reconsideration of eligibility for FSA funds. Appeals should be submitted to the Financial Aid Office. Appeals will be reviewed by a committee which includes the financial aid officer and the Director. Approval of a student's financial aid appeal will only be granted when extenuating or unusual circumstances outside of the normal school activities exist that may have contributed to a student's inability to maintain SAP. Appeals will not be granted in the absence of extenuating circumstances. Cases to consider may fall into the following categories:

- Student became seriously ill
- Student was severely injured
- Illness or death of immediate family member
- Other cases may be considered on a case-by-case basis.

Appeals must be submitted to the financial aid department within two weeks of the notification of loss of aid eligibility. Students will be required to submit, as part of the appeal, information as to why they failed to make SAP and what has changed in their situation that would allow them to demonstrate satisfactory academic progress at the next evaluation. Students will be required to provide supporting documentation when necessary. All appeals will be reviewed by the committee and all decisions will be final.

Upon a successful appeal, a student will be permitted to receive federal aid during that time. Eligibility may be reinstated for one payment period.

SAP will be evaluated at the end of the subsequent semester. If it is determined, based on the appeal, that a student will require more than one semester to meet the progress standards, a successful appeal will only be granted after the student has been placed on personal SAP plan that, if followed, will allow the student to improve their academic performance and meet the SAP standards outlined in this policy or will lead to successful program completion.

Students whose quantitative pace makes it mathematically impossible to complete the program within the maximum timeframe will no longer be allowed access to federal funds.

### ***Reestablishing aid eligibility***

To reestablish aid eligibility, it may be necessary for a student to complete a number of credits or enroll for a number of academic periods without receiving federal student aid funds.

### ***Department of Veterans Affairs***

The Massachusetts Board of Higher Education, Office of Veteran's Affairs has approved William James College for the purpose of training veterans and other persons under the provisions of Title 38, U.S. Code, as amended, Section 1776, V.A. Regulation 14254. William James College is a proud participant in the Yellow Ribbon Initiative.

### ***Institutional assistance, grants, scholarships***

Financial aid is awarded to eligible students (Re-specialization and Executive Coaching students are ineligible) based on merit, and availability of funds. All applicants for College financial aid are required to be registered on a full-time basis (as determined by their program of enrollment) for the period of the application and must be considered to be in good standing. For the purpose of allocating institutional aid, a student on monitored status or academic probation is not considered to be in good standing. Both merit scholarships and need based scholarships and grants are renewable each year (up to four years maximum) and require that students remain in good academic standing and continue to make Satisfactory Academic Progress (SAP).

### ***Merit scholarships***

William James College offers a number of merit scholarships. All applicants will be considered for a merit-based scholarship by the Admissions Committee and the Director based upon application materials and admissions interview. Students will be notified of any merit-based scholarships with their offer of admission.

### ***Alternative loan programs***

When federal loans and other aid do not cover your cost of education, private or alternative educational loans are available. Private educational loan programs vary by lender. Please contact specific lenders to find out about terms and conditions that may apply.

Students should carefully consider if they will need an alternative loan. Alternative loans are generally based on credit worthiness and may have terms that are less favorable than the free or lower-cost Title IV federal, state, or institutional student financial aid that may be available. Students are therefore strongly encouraged to pursue the availability of free or lower cost financial aid with the school's financial aid office first. A private educational loan may reduce eligibility for other forms of financial aid.

Alternative loans are disbursed directly to the College, and are used to cover student tuition and living expenses, and cannot exceed the College's calculated cost of attendance.

Various private educational loan programs are available through the Financial Services Office to students who require additional loan support. Because the terms of these loans differ and are subject to change, students should contact the organizations directly to inquire about eligibility, guarantee fees, interest fees, and repayment options.

***Institutional code of conduct for education loans***

William James College has established the following Code of Conduct for private educational loans. This code of conduct prohibits all agents of the institution from engaging in any conflict of interest and specifically prohibits the following:

- Revenue sharing agreements with any lender;
- Receiving gifts from a lender, a guarantor, or a loan servicer;
- Contracting arrangements providing financial benefit from any lender or affiliate of a lender;
- Directing borrowers to particular lenders, or refusing or delaying loan certifications;
- Offers of funds for private loans;
- Call center of financial aid office staffing assistance; and

- Advisory board compensation.

*National Association of Student Financial Aid Administrators (NASFAA) code of conduct*

William James College Financial Aid Office has adopted the NASFAA Code of Conduct as of July 1, 2015. This code of conduct helps ensure transparency in the administration of Student Financial Aid and serves as a guide for the College's administrators.

1. No action will be taken by financial aid staff that is for their personal benefit or could be perceived to be a conflict of interest.
  - a. Employees within the financial aid office will not award aid to themselves or their immediate family members. Staff will reserve this task to an institutionally designated person, to avoid the appearance of a conflict of interest.
  - b. If a preferred lender list is provided, it will be compiled without prejudice and for the sole benefit of the students attending the institution. The information included about lenders and loan terms will be transparent, complete, and accurate. The complete process through which preferred lenders are selected will be fully and publicly disclosed. Borrowers will not be auto-assigned to any particular lender.
  - c. A borrower's choice of a lender will not be denied, impeded, or unnecessarily delayed by the institution, even if that lender is not included on the institution's preferred lender list.

- d. No amount of cash, gift, or benefit in excess of a de minimis amount shall be accepted by a financial aid staff member from any financial aid applicant (or his/her family), or from any entity doing business with or seeking to do business with the institution (including service on advisory committees or boards beyond reimbursement for reasonable expenses directly associated with such service).
2. Information provided by the financial aid office is accurate, unbiased, and does not reflect preference arising from actual or potential personal gain.
3. Institutional award notifications and/or other institutionally provided materials shall include the following:
  - a. A breakdown of individual components of the institution's Cost of Attendance, designating all potential billable charges.
  - b. Clear identification of each award, indicating type of aid, i.e. gift aid (grant, scholarship), work, or loan.
  - c. Standard terminology and definitions, using NASFAA's [glossary of award letter terms](#).
  - d. Renewal requirements for each award.
4. All required consumer information is displayed in a prominent location on the institutional web site(s) and in any printed materials, easily identified and found, and labeled as "Consumer Information."

5. Financial aid professionals will disclose to their institution any involvement, interest in, or potential conflict of interest with any entity with which the institution has a business relationship.

### ***Preferred lender arrangements***

Annually, William James College, Office of Financial Aid invites lenders to engage in a Request for Information about their alternative student loan options. The annual request focuses on loan programs available for all graduate students for the upcoming academic year.

The information is evaluated by the college to determine which lenders have loan products promising competitive rates, superior customer service and borrower benefits in an effort to identify loan options with the best interests of the borrower in mind. Students are free to choose their own lender, including lenders that are not on the list.

### ***Overview of selection criteria reviewed***

Loan Limits, Enrollment Requirements, SAP Requirements, Approval Rate, Co-Borrower Requirements, Co-Borrower Release Options, Options for International Students, Origination Fees, Borrower Fees, Late Fees, Interest Capitalization, Repayment Terms, Available Repayment Plans, Financial literacy Programs, Loan Consolidation Options, Default Aversion Measures, Borrower Benefits.

### ***Preferred lender lists***

The College partners with a company named Elm Resources to provide easy access to a “lender-neutral” comparison tool that allows students to compare alternative and private loan offerings from our list of approved lenders. Students may compare interest rates, total costs and fees, repayment terms and calculate and compare sample repayment rates from multiple lenders.

If you are interested in a private or alternative loan option you may go online to [www.elmselect.com](http://www.elmselect.com) and view the William James College lender listing.

This is not a comprehensive list of all the educational loans available to you and you are not required to select one of these lenders. Inclusion on this list is not an endorsement or recommendation by William James College. If you or your family has worked with a lender not listed below, and has received excellent benefits and quality service, please recommend this lender to us by emailing [financialaid@williamjames.edu](mailto:financialaid@williamjames.edu).

### **Cost of attendance**

#### ***Tuition and fees information***

Tuition and fee rates, and all related financial policies are established by the Board of Trustees and are subject to revision at any time. Generally, tuition/fees rates are determined in January for the following academic year and take effect at the start of the summer semester. Please visit our web page to view current [tuition & fees](#).

#### ***Audit costs***

Unless exempt from tuition payment, the audit course tuition rate is ½ the normal course tuition.

#### ***Tuition and fees payment policy***

Tuition is due and payable upon receipt of your bill. Students are notified by email when bills are posted to the College's Secured Student Information Gateway (SSIG) each semester.

Summer semester tuition is due in full on or before May 1; fall semester tuition is due in full on or before August 1; spring semester tuition is due in full on or before January 1.

Additional charges occurring after billing due dates will be payable within 30 days after billing.

All unpaid balances will be assessed a 1% finance charge per month.

Students who fail to meet these payment deadlines are restricted from registering for the subsequent semester, attending classes, receiving transcripts or participating in the College's program until all outstanding financial obligations to the College are met. Students must pay all outstanding balances at least two weeks prior to graduation date. Failure to do so will prevent participation in commencement, conferral of degree, awarding of diploma and access to transcript(s).

A student experiencing financial difficulty should contact the Bursar to discuss payment arrangements.

William James College assesses [additional fees and charges](#), which can be found online.

### ***Health insurance***

The Commonwealth of Massachusetts requires all  $\frac{3}{4}$  time students attending an institution of higher learning within the state to have health insurance coverage. This does not apply to online students. To comply with this requirement, any student who does not provide a waiver of comparable coverage will automatically be enrolled and billed in the College-sponsored program. Please note that if you are not  $\frac{3}{4}$  time or enrolled in at least 6 credits or 6.0 contact hours, you will not be automatically enrolled. If you are enrolled less than  $\frac{3}{4}$  time and need health insurance, please contact the student services department. All international students are required to purchase health insurance through the College.

### ***Financial responsibility agreement***

All students are required to accept the [William James College Financial Responsibility Agreement](#). The agreement needs to be completed once and will be in effect for the entire period of enrollment at William James College. The agreement outlines the financial terms and

conditions associated with course registration. Please sign and return the signature page to the Bursar's Office. The complete agreement can be found online:

### **Delinquent financial accounts**

A student's financial account is considered delinquent if the student is carrying any balance owed to William James College as of September 15 in the fall semester, February 10 in the spring semester, and June 1 in the summer semester. A delinquent account precludes a student from receiving certain college services, including, but not limited to: attending currently enrolled classes; registering for classes; obtaining a transcript; receiving enrollment verifications, or other certifications; qualifying for institutional aid; library access; and may result in administrative dismissal. The Finance Office shall notify a student's Director that the student must be restricted from attending classes and/or receiving services until the account has been cleared.

A student who is experiencing financial difficulty may request to make payment arrangements by a petition to the college Bursar (located in the Financial Aid office). Tuition, however, must be paid in full prior to registration for the next semester, no matter the payment arrangement. Students who fail to meet the payment deadline will not be eligible to register for a subsequent semester, attend classes, receive transcripts, or participate in the College's program until all outstanding financial obligations to the College are met.

All delinquent accounts are subject to placement with external collection agencies. Students will be responsible for reasonable collections costs including agency collections fees.

### **Refund policy and requirements for withdrawal**

#### ***Withdrawal and refund policy***

The [Withdrawal and Refund Policy](#) is available on the Registrar's webpage.

Students may withdraw from a course in the program. Any withdrawal will follow the Academic Policies and should be reviewed before deciding on whether or not to withdraw from a course.

*\*First year students who withdraw during the first semester will forfeit the entire admissions deposit and will receive a tuition refund calculated on the proper percentage of the tuition minus the admissions deposit.*

*Note: Students must be aware there are requirements that govern how funds paid towards a student's education are handled when a title IV recipient withdraws from college. These regulations are detailed in the student assistance section of this handbook under "Return of Title IV funds when a student withdraws." These requirements are different from school refunds policy.*

#### ***Return of Title IV funds (Stafford loans) when a student withdraws***

The Higher Education Amendments of 1998, Public Law 105-244 (the Amendments of 1998) substantially changed the way funds paid toward a student's education are handled when a recipient of Title IV funds withdraws from College. All schools were required to implement these provisions by October 7, 2000. The new requirements do not dictate an institutional refund policy. Instead, a statutory schedule is used to determine the amount of Title IV funds a student has earned as of the date the student ceases attendance. The amount of Title IV program assistance earned is based on the amount of time the student spent in academic attendance; it has no relationship to the student's incurred institutional charges. Because these requirements deal only with Title IV funds, the order of return of unearned funds no longer includes funds from sources other than the Title IV programs.

Up through the 60% point in each payment period or period of enrollment, a pro rata schedule is used to determine the amount of Title IV funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period enrollment, a student has earned 100% of the Title IV funds.

The new requirements do not prohibit a College from having its own refund policy or complying with refund policies required by state or other outside agencies. Although an institutional, state or agency refund policy will determine the charges a student will owe after withdrawing, those policies will not affect the amount of aid the student has earned under the return calculation.

### **Faculty**

[Profiles](#) for faculty and other instructional personnel at William James College is posted on the William James College website.

## **Academic advising**

All members of the core faculty and selected additional faculty or administrative staff are assigned responsibilities for student advising. Advisors are expected to provide students with assistance in course selection and registration in order to meet curriculum requirements, and to confer on broader academic, personal, or professional matters. Students who require advice or services beyond those that can readily be provided by faculty may seek advice from the Dean of Students Office.

At William James College, academic advising goes well beyond serving as a guide for curriculum planning and field placement selection. The advisor's role is to foster a trusting relationship so that you may serve as a mentor and as a career coach. Please keep these guidelines in mind as you serve in this pivotal role for your advisees:

### **GUIDELINES**

- 1) Please always be mindful of maintaining student privacy and adhering to FERPA guidelines.
- 2) Please use your department's advising log to record each advising session. This will allow for documentation for you and your student; as a helpful log in the event you need to step away from the college for health or family emergency reasons or if you leave the college; and for risk management.
- 3) Your contract allows for 10 hours a year to devote to advising for each advisee. Please make sure to be pro-active in reaching out and scheduling at key junctures: on-boarding, check-ins with first year students, meetings prior to registration and field training site selections, research support and monitoring, career planning and when your advisee is completing their matriculation at the college.

- 4) You are a key resource if your advisee is experiencing academic difficulties, problems in their field site, work-life balance issues, managing personal emergencies, and career planning. Please see yourself as the key contact and liaison.
- 5) Familiarize yourself with college and community resources and know college policies and procedures.
- 6) Always be mindful of how you can promote diversity, equity and inclusion in all your work. Be attuned to concerns that your advisee may have.
- 7) Please envision yourself also as a role model for how a professional in the field conducts themselves.
- 8) Please use the Director of Advising and Mentoring as an on-going consultant and resource. Other key consultants include your department chair, the Dean of Students, the Director of Diversity, Equity and Inclusion and the Office of Educational Development and Innovation.
- 9) Be aware of advising resources like the National Academic Advising Association (NACADA)

#### ADVISING GOALS

- 1) To create a trusting relationship with your advisee so that you can be a genuine resource.
- 2) To be available to your advisee in a timely fashion.
- 3) To best understand your advisee's perspective, plans and aspirations, learning style, strengths and challenges so as to provide personalized planning and guidance to them.
- 4) To assist with acculturation to the college and to the profession.
- 5) To serve as a role model as a professional in the field.

- 6) To assist in promoting the student's healthy work-life balance.
- 7) To document your work with each advisee in your department's advising log.
- 8) To provide solid academic planning, experiential learning guidance and research support and guidance.
- 9) To assist the student to learn how to navigate the college's departments, services and resource.
- 10) To assist the student in learning the relevant college policies and procedures.
- 11) To help the student plan for the successful career that they aspire to create for themselves.
- 12) To foster the advisee's skills in critical thinking and independent decision-making skills so that they can develop increasing competence in these vital areas.

### **Instructional facilities**

The College's campus consists of 7.95 acres with a six story office building of approximately 86,000 square feet located in a suburban office park adjacent to Route 128 in Newton, MA. There are approximately 350 parking spaces. The ground floor includes a lobby, two elevators, and a restaurant, the Freedman Center for Child & Family Development and space for the IT and facilities departments. Floors 1-3 contain classrooms, the library, student lounges, conference rooms and meeting spaces, offices for faculty and staff, and include large windows on all four sides, providing ample natural light throughout the building. The 4th floor includes classrooms and conference rooms, the Brenner Center, the Center of Excellence for Children, Families and the Law and BHELs. The 5th floor contains the College's administrative offices. The exterior and lobby are branded to foster the WJC identity.

The building is a LEED certified space with over 20 state-of-the-art classrooms, numerous conference and meeting rooms and three student lounges. Some classrooms are equipped with a classroom-wide audio conferencing system. Each classroom AV control system is designed to provide intuitive control interface for instructors. Event management system LCD displays are installed in front of each classroom and meeting room to indicate room assignment information which serves as a convenient way for students to reserve space for study time and meetings.

### **Centers at William James College**

Please refer to <https://www.williamjames.edu/centers-and-services/index.html> for details on various centers and services offered at WJC.

### **Parking**

The College offers students free parking on the main campus. There are occasions that the lot reaches capacity resulting in a need to park on the street. While it is legal to park on both sides of the street, (unless there is a snow emergency called by the City of Newton) please only park on the College side of Wells Avenue. You are not allowed to park in surrounding lots near the College nor around the islands in the main lot. You must park in a marked spot and keep the fire lanes clear. There is no overnight parking.

The parking lot has three emergency call phones (2 in the front and one in the rear). The College provides 6 handicapped spaces. In case of a snow storm, the lot will be plowed and cleared by 7:00am.

### **Non-Resident Parking Permits**

Student vehicles that are registered out-of-state are required by the Commonwealth of Massachusetts to complete a [Nonresident Student Vehicle Information Form](#) and submit it to the police department in the city or town where the out-of-state vehicle will be parked overnight.

This form simply alerts the city or town where the car will be parked and that there is an out-of-state car in the area. The car will be subject to ticketing if it is parked in a permit only area. You may wish to rent an off-street parking space for your car.

Most cities and towns in Massachusetts will not provide resident parking permits for cars that are registered out-of-state. Generally, only cars that are registered in Massachusetts may be eligible for resident parking stickers. Students should speak directly with the parking or traffic department in the city or town where the car will be housed for more information.

Registered students may park at the William James parking lot while in class or visiting the building for meetings and studying. A parking permit is not required. Overnight parking is not permitted.

### **Events and room reservations**

Individuals or groups who wish to reserve space for any purpose other than academic should complete an [event request](#). In some instances, a rental/use fee will be charged as determined by the Vice President of Finance and Operations.

### **Food services**

There are also numerous restaurants in the nearby area. Although not an exhaustive list, many choices can be viewed at the website <https://www.williamjames.edu/about/visiting/local-hotels.html>.

Vending machines are located on the ground floor within the lobby and accept both cash and credit cards. On floors 1 through 3 in each kitchenette you can also find coffees and teas, as well as access to refrigerators, sinks, and microwaves for your convenience.

### **Pets and animals**

With the exception of service dogs, no pets and other animals may be brought into the building.

### **Religious observances**

William James College respects the right of individuals to observe religious holidays during the year. The institution will attempt to reasonably meet the needs of our employees relating to their religious beliefs and practices of which we are aware. However, the institution cannot make any accommodations which would cause undue hardship or which relate to matters about which we have not been informed.

Students: The College, when scheduling classes on religious holidays, intends that students observing those holidays be given opportunity to make up work. The student should notify the instructor at the beginning of the semester if s/he will need to arrange with the Instructor for any accommodation.

Faculty: Faculty who wish to observe religious holidays may arrange for another faculty member to meet their classes or reschedule the class and should inform students about any changes in scheduling.

### **Library services**

The William James College Library is an information and service referral center designed to support the research needs of the students and faculty. The library maintains a core collection of books (print and electronic), periodicals (all available online), audio-visual materials (both DVDs and streaming over the Internet), and psychological testing kits. Comprehensive interlibrary loan services, computer services, and online reference databases are also available.

### **Health and safety**

#### ***Use of weapons on campus***

Consistent with Massachusetts law, the use, possession or sale of weapons of any kind (including replicas) and firearms, whether loaded or unloaded, on campus, by anyone other than law enforcement personnel, even if the person has a legal license or permit to carry the firearm, is strictly prohibited on campus. Law-enforcement personnel carrying a weapon must have their badge prominently displayed.

#### ***Alcohol and drug-free campus policy***

In compliance with the Drug-Free Workplace Act of 1988, the Drug-Free Schools and Communities Act Amendments of 1989, and the Higher Education Opportunity Act as amended, and pursuant to its commitment to provide students, employees and visitors a safe and healthful campus, William James College has established an Alcohol and Drug Abuse Prevention Program integral to the Alcohol and Drug-Free Campus Policy.

William James College recognizes that alcoholism, drug addiction, and substance abuse may represent illnesses or conditions that require professional counseling, assistance, or

treatment. Faculty, students, and staff with problems related to or stemming from alcohol and substance abuse or dependency are encouraged to seek assistance. However, neither addiction nor abuse excuses any member of the College community for violating the rights of others, or for neglecting or performing inadequately academic or job-related responsibilities.

A summary of the conduct prohibited by the institutions Alcohol and Drug-Free Campus Policy is as follows:

- no person may at any time use, possess, sell, manufacture, distribute, store or dispense alcohol on our premises, as part of any college related activity, or in the workplace, except as specifically authorized by the college or under the college's regulations;
- no person may unlawfully manufacture, distribute, dispense, possess or use controlled substances on campus, at any college activity, or on college business;
- no person may bring prescription drugs on campus unless they have been prescribed by a licensed physician, and such drugs can only be used by the person receiving such a prescription in the manner, combination and quantity prescribed; and
- no student employee holding a position which the college considers to be safety sensitive may use prescription drugs at work without first obtaining a statement from their prescribing physician that the use of prescription drugs on the job will not impair the individual's work abilities.

Compliance with the Alcohol and Drug-Free Campus Policy is a condition of enrollment and employment at the William James College. If a violation of the Policy occurs, the institution will take the necessary disciplinary measures. Such measures may include, but are not limited to:

- Removal from campus;
- Probation;
- Suspension;
- Expulsion;
- Required attendance at an evaluation session with a professional staff member;
- Successful completion of a mandatory drug or alcohol abuse program;
- Termination of employment; and
- Referral to appropriate law enforcement officials for criminal prosecution.

A copy of the institution's full Alcohol and Drug-Free Campus Policy shall be provided to every student annually. All students are urged to read it in its entirety. A copy of the full Policy may be obtained at any other time by contacting Human Resources.

### ***Marijuana policy***

Medical marijuana is legal in the Commonwealth of Massachusetts. In July 2018, recreational marijuana is also scheduled to be legal in the Commonwealth of Massachusetts. Medical marijuana, however, is still unlawful as a matter of federal law. Any employer or entity that receives federal funds (including grants) is prohibited by the Drug Free Workplace Act from permitting the use of marijuana by employees, including on their own time. In fact, the employer is required to maintain a drug free workplace. Additionally, even if an employer is not subject to The Drug Free Workplace Act, it is permitted, as a matter of its own policy to maintain a drug free workplace. There is now case law that when employers have been sued by employees for being unable to use marijuana due to a disability accommodation or employees have been terminated, the employers have won these cases.

In many health care organizations, for profit and non-profit settings, drug screening prior to employment, practicum or internship training is commonly required. This section is intended to inform students that using marijuana, including marijuana obtained legally and/or by medical prescription, may still pose a real and substantial obstacle to their being allowed to proceed with practicum or internship training.

### ***Vaccination policy***

Massachusetts Department of Public Health regulations require that all students must provide documentation of immunity compliance before the start of classes.

Immunization requirements apply to all students except those who are exclusively online students with no on-campus component. Failure to submit proof of immunization will result in academic holds which may prevent a student from attending classes.

### ***Required vaccinations***

- MMR (measles, mumps, rubella): 2 doses or serological evidence of immunity,
- Tdap: 1 dose within the past 10 years, or a dose of TD within the past year,
- Hepatitis B: 3 doses,
- Varicella/Chicken Pox: 2 doses or serological evidence of immunity or documented history of disease.

Students are only required to submit proof of immunization compliance once. Before students can begin clinical or field work, students must submit documentation of TB Risk Assessment (PPD).

### ***Highly recommended vaccinations for college students***

- Meningitis
- Human Papilloma Virus (HPV)
- Influenza

- COVID-19

### ***Acceptable documentation***

Students must provide written certification signed by a healthcare provider or alternative documents provided by the student's high school, previous college or military facility. Only complete documentation which includes all the relevant signatures and dates will be accepted.

The required immunizations may be obtained off campus by your provider of choice.

More information can be obtained by visiting the Massachusetts Department of Public Health School Immunization Requirements website:

Publications regarding policies on alcohol and drug use, campus security procedures and crime prevention awareness are distributed to new students, and employees in their orientation package.

The Sexual Violence Education program is designed to educate and prevent domestic violence, dating violence, sexual assault, and stalking. This program is introduced during the students' first term of attendance and employee orientation seminars. Additional ongoing program information is sponsored by the Education Department and offered on a continual basis for the entire campus body.

### ***Timely Warnings and Disseminating Emergency Information***

In the event of an emergency, or when a serious criminal incident has occurred – especially in situations that could pose an immediate threat to community and individuals – the Vice President of Finance and Operations will use appropriate channels to notify the William James College community and a campus wide “timely warning” using the RAVE system will be issued:

### ***Emergency Response and Evacuation Procedures***

Each room has specific evacuation plans to exit the building and a quick reference emergency card. William James College conducts at least one annual emergency evacuation drill each year. Tests and drills may be announced or unannounced.

Campus personnel have received training in emergency response guidelines and in responding to critical incidents on campus. Depending on the incident, other local, state, or federal authorities may also be involved. All incidents are required to be reported to William James College.

William James College has the responsibility of responding to and investigating all incidents to determine if additional authorities should be involved.

### ***Sex Crimes Prevention Act***

### **Voter Registration**

#### ***Notice of Voter Eligibility / Registering to Vote***

You may register to vote in Massachusetts if:

- You are a citizen of the United States;
- You will be at least 18 years of age on or before the next election;
- You are a resident of Massachusetts;
- You are not currently incarcerated by reason of a felony conviction.

If you meet the above requirements, you may register to vote online, by mail, or in-person. Voter Registration forms are available and may be obtained from the Financial Aid office.

William James College makes a good faith effort to distribute voter registration forms to each student enrolled and physically attending in a degree or certificate program at the institution. Each year, voter registration forms are distributed to students via email.

The deadline to register to vote in any election or regular town meeting is twenty (20) days prior to the date of the election or meeting. The deadline to register to vote in a special town meeting is ten (10) days prior to the special town meeting.

### ***Registering Online***

In order to register to vote online, you must have a signature on file with the Registry of Motor Vehicles. If you currently have a Massachusetts driver's license or state ID card, you may use the online voter registration application to register, update your address, or change your party affiliation. Voter registration forms submitted online must be submitted by midnight on the date of the voter registration deadline. The online voter registration system can be accessed here:

<https://www.sec.state.ma.us/ovr/>

### ***Registering by Mail***

If you do not qualify to register to vote online, or if you would prefer to register by mail, you may download the voter registration form from this site:

<http://www.sec.state.ma.us/ele/eleifv/howreg.htm>.

The form must be completed, signed, and delivered to your local election official. Voter registration forms submitted by mail must be postmarked no later than the voter registration deadline.

### ***Registering In-Person***

If you would like to register in-person, you may do so at any local election office, as well as the Elections Division of the Secretary of the Commonwealth's office. Voter registration is also available as part of every transaction at the Registry of Motor Vehicles and at certain public assistance agencies. Voter registration forms completed in-person are valid as of the day that they are signed.

### ***Changing Your Address***

You must update your voter registration every time you move. If you have moved, you may update your registration by filling out a new voter registration form. If you move after the deadline to register to vote in a state election or primary, you should wait to update your registration until after the date of the election or primary, and return to vote at your previous polling place in Massachusetts. State law allows you to vote from a previous address in a state election for up to six month after you have moved, as long as you have not registered elsewhere.

### ***Political Parties***

If you wish to change your party enrollment, you may do so by filling out a new voter registration form. Members of political parties may vote only in their own party's primary elections. Unenrolled voters (commonly referred to as "Independents") and members of political designations or minor parties may vote in the party primary of their choice. Choosing to vote in a particular party's primary does NOT enroll you as a member of that party.

### ***Identification Requirements***

Certain voters must submit a copy of their identification with their voter registration or present it at their polling place on Election Day.
