

They perform 5K in memory to Dr. Cynthia Lucero

April 4, 2019

Lucero Center for Latino Mental Health is organizing a 5K race / walk on Sunday, April 7, in Newton.

The Lucero Memorial 5K will begin at William James College in Newton, Massachusetts at 9:30 a.m.

The race was created in memory of Dr. Cynthia Lucero, a beloved community-oriented graduate of William James College of Ecuador who completed her doctorate days before the start of the 2002 Boston Marathon, during which she collapsed and later died.

Career income helps fund the Cynthia Lucero scholarship program, which supports WJC students dedicated to serving the Latino community.
